ACTION

**BACKGROUND INFORMATION**

We have at least one multiply-handicapped student moving to OHS for 2010-2011. This is a wheel-chair bound student whose Individual Education Plan includes specialized services and activities that we can meet with some modifications to access and facilities at the current homemaking building. Prior attempts to modify entries at this building are not ADA compliant. Any ADA modification requires that we make the entire facility compliant. We can accomplish this at the Homemaking structure fairly simply. Much of any required interior work can be done by our staff, but we will need to contract out major plumbing and ADA compliant concrete work.

It has taken some doing to get a proposal for the concrete work from a qualified contractor, but we finally have a firm proposal to discuss with the Board.

**ADMINISTRATIVE RECOMMENDATION**

Accept the proposal offered so that the majority of site work can be completed by school start.

**APPROVAL/DISAPPROVAL**
