

Tuition Students

The Board of Education authorizes the Superintendent of Schools to accept qualified, non-resident students in the public schools on a tuition basis when, in the opinion of the Superintendent, staff and school resources are available to meet the needs of such students. The tuition rate shall be determined by the Board of Education prior to the admission of a non-resident student and on a yearly basis predicated on the student's program. In the case of students with special programming needs, tuition shall be established based on the cost to the Board of the student's individual education program. If the needs of such a student changes, the Board may either adjust his or her tuition or determine whether the Derby Public Schools can continue to accommodate such student. Notwithstanding this provision, the Board will not charge extra tuition to qualified students with disabilities except where an additional charge is justified by a significant increase in costs to the Board incurred as a result of admitting and educating such student.
