Lincoln Expansion Project

Option A includes a two-story addition on the Northwest corner of the building classrooms.

Option B is a variation of Option A, with the band room excluded.

Option C does not include the Northwest addition but will have 5 classrooms per grade level.

FAC is recommending Option B when compared to the other options

Longfellow Expansion Project

A preliminary drawing of the Longfellow option was presented.

Capital Expansion Estimate

The 9-year Capital Expansion estimate for all the buildings was also presented to show that the expansion projects and other work will be under the \$57.5M capital referendum. However, these estimates did not include soft costs.
