**DATE:** September 23, 2025

**SUBJECT:** Revision of Policy 4500 Extracurricular Activities on a second read

Policy 4500 Extracurricular Activities has been revised to address ninth-grade participation in high school athletic classes. The proposed revision establishes parameters for allowing select ninth-grade varsity athletes to enroll in designated sport-specific classes at the high school level, rather than at the junior high. This addition is intended to ensure consistency, address facility and scheduling considerations, and align practice opportunities with program needs. There has been no additional feedback since the first read. The Legal Department is seeking Board approval of this policy on a second read.
