Re: Superintendents Board Report

Updates

- As of today, all of our certified positions are filled except one that we anticipate opening.
- COSSA has filled the business manager position. Debbie has helped with that process and will serve as a mentor to the new hire. The new hire is very capable so Debbie will be able to pull back on some of the supports that she's been providing over the past year.
- Shannon Johnson was presented the Homedale School District Teacher of the Year Award at the end of year celebration on May 29th.
