

Board Report 4/10/2023

We removed the three dead trees at the elementary and the one oak tree at the preschool. We had the other trees at the preschool safety trimmed.

We are mowing the fields when needed.

We started spraying weeds and Mohave.

We had the state boiler inspector visit; only problem was at the elementary on the steam pot.

We hired a new bus driver. We trained him for his class B CDL. He passed and started driving 4/3/23.

Any Questions?
