

Site Report – Nondalton – March, 2025

To: Superintendent Kasie Luke
and LPSD School Board Members

From: Nondalton Staff

Photos & Description of Activities and Events

In no particular order/priority:

1. When Mr. Barnes came to visit toward the end of the month, he taught all of the students how to make rocket stoves! The middle and high school students made them completely on their own, while the elementary students completed a few that were already started. The next morning, students were welcomed into school with hot chocolate, made with their rocket stoves!

2. Student Government hosted a movie night! The students voted on *Inside Out 2*. Many of our families came out, and we sold nachos. Our student store was also open!

Personnel Update
