

Site Based Council Meeting
February 7, 2017

Began at 6:03pm

Introductions

Goals of Site Based Council (BP 0420)

- "The school board believes that shared decision making at the site level can improve school performance. The board supports the involvement of staff, students, parents/guardians, and the community in such decision making and encourages the use of site councils in developing policies and programs which respond to the unique needs of individual school in accordance with district goals."

Working Norms:

- Honor the time
- Speak your mind
- Share the air
- Listen to understand
- Serve the interests of *all students*

AdvancEd

- Objectives will be finalized at the staff meeting Friday Feb. 10th.
 - Course offerings
 - Schedule

Parent and Student Perception Surveys

- Only 25% of families took the survey. This number did not meet the minimum numbers necessary for valid survey results.
- Information with the survey link was sent in the Powerschool Bulletin, on Facebook and the Radio.
- Possibly resend out the Parent and Community Survey's to get more input.
- Compare and contrast survey results from Parent and Student surveys.

Please contact Mr. Clough for a link to the survey results.

The next meeting will be March 7th at 6pm.
