Texas Association of School Boards

Dear school leaders,

In April, the State Board of Education (SBOE) adopted the rule on school safety training required for school board members. This new training requirement was passed by the 87th Legislature (House Bill 690).

Here's what you need to know:

- **Newly elected board members are required to complete the training within their first 120 days of service** and complete the refresher every two years after.
- **All other trustees need to complete the initial training by September 30** and complete a refresher every two years after.
- The approved **course is free**, and only [available through TEA Learn](#).

Please share this information with your board.

If you have any questions, feel free to reach out to us at tasb@tasb.org.
