Hi,

I am doing public research and would like to request your latest IAQ and Environmental Testing for your schools. I am seeking the actual report that includes mold spore sampling data for each of your schools. I understand if certain floorplan info needs to be redacted from the reports and I pre-accept these redactions as you see required. If you have not ever conducted any IAQ and Environmental Testing for your schools, you can let me know in your response accordingly.

I am doing an IL State Wide request using a public database of contacts for IL, so if you have already received this request and responded, please go ahead and let me know. I apologize for any redundancy, but I learned of this public database method after I made the requests individually with about 20 school districts in Illinois.

I have attached an example mold test report (page 26) to help provide you an understanding of the type of reports and data I am requesting.

Thank you,

Patrick Lee
