SUBJECT: Purchase of Refrigerated Box Trucks for Child Nutrition Services

Executive Summary: Southwest International Trucks

Duncanville ISD is proposing the purchase of two (2) new 2025 model refrigerated box trucks for Child Nutrition Services to support delivery of refrigerated items to school cafeterias. The two trucks will serve as replacements for trucks that are 2010 and 2014 models. These trucks have been repaired numerous times and are near end of life.

Child nutrition delivers products daily to all district campuses for breakfast and lunch serving all Duncanville ISD students. The loss of a vehicle can jeopardize the service to all students. On November 7, 2025, the district released CN-RFP 25-26.001 soliciting vendors for purchase of refrigerated trucks. Bid was advertised on November 7, 2025 and November 14, 2025 and closed on November 30, 2025.

Southwest International was the only vendor who bid. They are members of Buyboard Cooperative.

The trucks will be purchased using Child Nutrition Funds.
