The Stephenville Independent School District School Health Advisory Council (SHAC) meets September through May. The council members are appointed to represent the six campuses. The School Health Advisory Council serves as an advisory board for the purpose of implementing and evaluating the effectiveness of Coordinated School Health Programs. A detailed account of SHAC activities and recommendations are presented to the Stephenville Independent School District Board of Trustees annually.

Meeting agendas are properly posted and sent to all members, as well as district campuses and departments. Minutes are taken at each meeting.
