

FOOD SERVICE

From restaurants to cafeterias and banquet facilities, food service areas encounter similar challenges. Slippery floors, varying temperatures and weight loads, people standing for long periods of time – this demanding environment requires a durable flooring solution that can withstand rigorous daily use. Protect-All® provides a durable, sanitary and comfortable flooring solution.

Kitchen

Opting for durability doesn't mean compromising on design. Protect-All offers endless opportunities for customization with our Designer Series line of flooring solutions, so you can have a floor that looks as good as it performs. High-quality, beautiful and functional flooring delivering exceptional value so you can put your best foot forward.

Resilient
VINYL
FLOORING

Its resilient construction can handle heavy weight and rolling loads while also resisting impacts and punctures. In addition, Protect-All Flooring is designed to boost footing confidence with high-traction certification from the Floor Safety Institute, offering extra protection in slip-prone areas. As a non-porous flooring solution, Protect-All can withstand common elements found in food service such as grease and animal fats while also handling temperature extremes. It's also resistant to fire, chemicals, mildew and bacteria, meaning it will not absorb stains, odors and fluids. Protect-All also stands up to routine cleaning and requires no waxing or stripping.

Quality Surpassing Quarry Tile

While quarry tile has a long history of use, exploring alternative options might reveal more cost-effective and improved solutions. Protect-All's larger sheet sizes help reduce the number of grout lines when compared to quarry tile, which can reduce costs with routine maintenance.

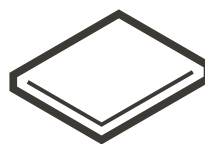

Prep Area

Outperform Epoxy

Protect-All stands the test of time without showing wear because it is made of 100% heavy-duty vinyl, meaning there is no wear layer. Along with having less routine maintenance costs, its unique formulation stands up to the most commonly used disinfectant products.

Sizes

5' x 8' Sheets

5' x 5' Tile

2' x 2' Tile
