

Vandal Committed Recognition – 2025-2026 School Year

This year, we intentionally focused on recognizing students who live out what it means to be Vandal Committed — Kind, Reliable, Engaged, and Driven. I'm proud to share that during the 2024–25 school year, we recorded 205 Vandal Committed nominations at McCall-Donnelly High School. That includes 166 students recognized for the first time, which shows how broadly our staff are noticing and affirming positive behavior. We also had 29 students who now have been nominated twice, 9 students who have been nominate three times, and one student who was nominated four times. This means he was recognized all 4 years for being Vandal Committed. These recognitions represent hundreds of intentional moments where staff stopped, noticed, and named students doing the right thing.

Summary of Recognition Numbers

- 205 total Vandal Committed nominations
- 166 students recognized as first time nominees
- 29 students recognized as two-time nominees
- 9 students recognized as three-time nominees
- 1 student recognized for being nominated 4 times.

These numbers reflect broad staff participation in recognizing positive student behavior, as well as sustained commitment from students who consistently demonstrate our values.
