Gear Up Activities

Stemazing presented by DaNel Hogan came to HMS and 7th and 8th graders did some stem activities and had the opportunity to develop light circuits.

8th Grade students also visited NNU for the Science Expo and participated in science activities.

Invention Convention

The 5th grade held their annual invention convention and there were many great ideas produced by students.

7th and 8th Grade ELA Pilot

7th and 8th grade have started teaching the Study Sync ELA curriculum. The students are finding the materials engaging and the teachers have been happy with the lesson structure and activities.
