Description:

We want to recognize the Paws-Up Committee for their continued support and service to the students and families of South San Antonio ISD. During Covid, the Paws-Up Committee made it their mission to create the Senior Parade for our seniors to celebrate their last year with SSAISD and to also be recognized for their hard work and accomplishments. Since then, the event has been a huge success and continued on year after year. SSAISD thanks you and appreciates each and every one of you.
