## Background Information

The school board recently began evaluating the Superintendent two times per year—once in October / November and once in April / May. During this evaluation, the school board will assess the superintendent's work according to standards suggested by the Minnesota School Boards Association (MSBA) and progress toward goals established last spring.

The Superintendent will forward a self-evaluation and a document from MSBA explaining ratings for each standard. Board members will complete an online survey and then meet with the Superintendent on November 2<sup>nd</sup> to discuss the evaluation. A public summary will be shared with the board and public on November 16th.
