

Big Sky November Building Report

Dear Board Members,

Oki! Our little ghouls and boys are out and about. They are going from house to house hoping to gather their favorite candy. Ah! October. It's that special time of the year when kids are excited for their impending sugar high and spend hours dreaming of the most inventive costumes they can come up with. Some will just wear a mask.

School is busy, with 21 students needing help in 7 different grades. I look with great anticipation for recess and quiet reading time. Especially with the younger students. Independence happens as each child gains more self confidence in their own ability. Around the same time, the child starts to take more responsibility, or if you wish, ownership in their education. Some need more prompting than others. As an educator, I like what I am seeing in the classroom.

May I thank our school nurses for coming out to check our students and up-grading their medical files. A few of our students will have to see the optometrist.

We hope November is a great month for the school district and those "in the know". Thanks for all you do for the children in the district.

Gratefully,
Dan Anderson
