

Monaco Elementary Board Communication

~ June 2010 ~

June at Monaco Elementary is still a busy place.....even though the 2009-2010 school year has ended. Our teachers and staff closed out the year with a wonderful meal and **exemplary** words of praise and recognition on June 1st at Aubrey High School. Only 2 days later, a meeting was held for **Summer School** staff to get ready for classes which started on June 7th here at MES. Students from Pre-Kindergarten – 8th grade will be attending through July 1st. The total enrollment is around 90 students for these summer classes.

Also, the last **report cards** of the year were mailed on June 2nd and followed by our outstanding **TAKS scores** going out to parents on June 9th. What a great year we've had academically here at Monaco Elementary! We are so proud of the efforts put forth by our teachers and students!

Looking ahead, we are now **planning for the next school year** by requesting that our returning students have their enrollment verified by the end of June. Parents have been sent information by mail, email, and online posting asking them to come in during summer office hours in June, or take advantage of extended office hours until 8:00PM on three dates in June. This same request is being made to parents of any new students in our district as well. Our first late night **Registration/Verification session** was on June 8th where approximately 40 students were verified.

July will bring more preparation for next year and 2 weeks of vacation for our administrative office staff. Yea!!! We will have updates for you next month, but until then.....

“Enjoy your summer and thank you for all you do for Aubrey ISD!”
