

Browning Public Schools

Home of the Browning Indians!

Browning School District #9 Vision

Browning Public Schools work with “Kunnaattupii” (ALL) people –families, students, staff, trustees, and community– to provide a high quality, culturally responsive education for all our children using whole child guidance, teaching and support through collaboration and communication as we by honor the unique identity of ALL.

Browning School District #9 Mission

- ▶ Browning Public Schools is a safe environment that teaches personal and community wellness and provides support and strategies for overcoming adversity. (Safety Matters)
- ▶ In Browning Public Schools, we are free to teach and learn successfully. We instill and develop respect and pride for self, family, school, community, our environment, and all cultures through service to others. (Graduation Matters)
- ▶ We model accountability, hard work and personal accountability through humility and dedication – demonstrating that these values are the responsibility of all. (Culture Matters)
- ▶ We cultivate and nurture strong partnerships with the community to build citizens who have a sense of place, respect for Mother Earth, and an understanding of the rights and responsibilities of, and to, all people in all communities. (Attendance Matters)

Superintendent Student Advisory Meeting for March:

March they named the person they were most thankful for. They talked about the things in their school that are considered Kind under our Kindness Campaign.

The Design chosen for the BHS gym floor was created by Lyle Omeasoo. The floor is now finished we are just waiting for the wax to cure. We will be able to have graduation in our own BHS gym. Western Sports Floor is super proud of the finished product they will be submitting their work for a competition! Good Luck!

The month of March flew by:

- Planning w/DeeAnn on Emergency planning
- Attended Honoring for Lily Gladstone – our students did amazing, and they looked wonderful. I appreciated the Blackfeet Tribe including our students, the Board and I in this great event.
- I was recognized by SAM and MASS for the years of service at our MASS conference. At the MASS conference they talked about AI and the direction we are going with respect to technology. They said embrace it, use it do NOT ban it, but learn to work with it.
- During the National Education Conference their talking points were: Restorative practices, building relationships with one another, being Trauma Informed, and the importance of Mental Health supports for our staff and students. I feel good that these Nationwide ideas have been the direction in the district and I hope we keep those priorities in the future.
