Item: Request for Personnel – CTE Curriculum Coordinator(s)

Submitted by: Cary Stamas, Director

Date: 5/30/24

Recommended by: Sue Gardner, Asst. Supt.

Board Meeting Date: 6/17/24

RECOMMENDATION:

Add 2.0 FTEs for CTE Curriculum Coordinator positions to support program improvement, curriculum development, and compliance with CTE requirements and updates from the MDE.

BACKGROUND:

The CTE Curriculum Coordinator position was reinstated in approx. 2019 with a single position that was then expanded to 2.0 FTEs in the 21-22 school year. These positions supported KCTC programs, as described, and provided much needed targeted supports with programming that was coordinated with the KCTC administration and CEPD Director. One Coordinator returned to the classroom and the position was unable to be filled. The second moved to KCTC admin and the responsibility of these roles was transferred with that move. During the 23-24 school year, the continued need for these roles has been evident and support for the CTE curricular needs provided by these positions is vital.
