

Superintendent Comments November 18, 2024

1. Gymnastics Program 2024-25

I recommend a motion to approve canceling the gymnastics program for the 2024-25 school year due to the inability to find a head coach. This is an unfortunate outcome for the students who would like to participate in gymnastics as a Minnesota State High School sponsored activity. This decision will only affect the current school year at this time, with a long-term decision on the viability of the program to be determined later. Activities Director Paul Hartmann will provide information on the efforts taken to secure a coach.

Update Nov. 18, 2024. A coaching solution was found after I sent the information out on Friday. I recommend a motion to approve hiring Pam Richardson and Jamie Voight as co-coaches for the 2024-25 gymnastics team. Paul Hartmann will provide further details.

2. Proposed Legislation Resolution

I recommend a motion to approve the list of items that are legislative concerns for the district. These are items that will be conveyed to legislators when the new session begins in January.

3. School Board Member Censure

I have no comment on this item.
