

ADDENDUM

This Addendum to the foregoing City of Fort Worth Permanent Drainage Facility Easement (the "Easement") modifies the Easement as follows:

Notwithstanding any provision in the Easement to the contrary:

The City of Fort Worth agrees to require the contractor to return your property to as near its original condition as possible. This includes sidewalks, courtyards, paving stones, masonry, wood or chain link fencing, and garage floors, but only to the extent of the actual damages caused by the work of the contractor. Also, in the event that the ground surface is subject to digging, the City will restore the ground surface to its original level and, if necessary, re-seed the area in which the digging occurred.
