**TOPIC** Second Reading of Policy EIC (LOCAL): Academic Achievement – Class Ranking

**SUBMITTED BY:** Dr. Guadalupe Gorordo, Ph.D. **OF:** Instruction Department

**APPROVED FOR TRANSMITTAL TO SCHOOL BOARD:** June 20, 2012

## **RECOMMENDATION:**

To include the conduct of the valedictorian and/or salutatorian in order to qualify them to give their speech. In addition, it is recommended that we discontinue the weighted scale for students who entered the 9<sup>th</sup> grade in 2008-2009 since these students will graduate in May, hence we will no longer need this grading scale.

## **BOARD POLICY REFERENCE AND COMPLIANCE:**

CALCULATION – GRADE 8 PRIOR TO 2008–09	The District shall include in the calculation of class rank grades earned in all high school credit courses regardless of when credit was earned, unless excluded below.
EXCLUSIONS	Resource classes and courses approved for local credit, other than college-prep courses, shall not be included in the calculation for ranking.
CALCULATION – GRADE 8 IN 2008–09 AND THEREAFTER	Beginning with the students who entered grade 8 in the 2008–09 school year, the District shall include in the calculation of class rank grades earned in all high school credit courses regardless of when the credit was earned.
LOCAL GRADUATION HONORS	<p>For the purpose of determining honors to be conferred during graduation activities, the District shall calculate class rank at the end of the third nine-week grading period of the senior year and shall be carried out to the fifth decimal place and rounded off to the fourth decimal place. The grade for the third nine-week grading period shall be used as the semester grade for this purpose.</p> <p>For the purpose of applications to institutions of higher education, the District shall also calculate class ranking as required by state law. The District's eligibility criteria for local graduation honors shall apply only for local recognitions and shall not restrict class ranking for the purpose of automatic admission under state law. [See EIC(LEGAL)]</p>

EARLY GRADUATES

To be eligible to graduate early, a student shall complete all coursework and state-mandated assessments required of the ninth grade class in which he or she begins high school.

A student who completes the high school program requirements in fewer than four years shall be ranked in the class with which he or she actually graduates.

TRANSFERRED  
GRADES

All high school TEA-approved state credit grades transferred as numerical averages shall be accepted at face value. Grades transferred as passing or failing shall either be accepted or not accepted for credit, as indicated on the transcript, but shall not be calculated into class ranking unless there is some accompanying explanatory information on the transcript. [See EIA]

Beginning with the students who entered grade 8 in the 2008–09 school year, a student who transfers into a District high school shall receive similar credits counted toward the GPA according to the list of courses offered in the District. Grades that earned weight in another district shall be given the weight as outlined in this policy.

Students transferring into the District shall receive the numerical grade that was earned in the courses at another school. Letter grades shall be recorded as follows:

WEIGHTED GRADE  
POINT AVERAGE

Beginning with the students who entered grade 8 in the 2008–09 school year, for the purposes of class rank, students shall be ranked using a weighted 4.0 scale.

Advanced courses shall earn weighted credit according to the chart below and shall include AP, Pre-AP, dual credit, and other Board-approved courses. Advanced courses are those in which the TEKS are comprehensive and enriched, resulting in an academically rigorous curriculum.

Regular courses are those courses that provide a demanding curriculum in an array of offerings based on the TEKS.

Modified courses are those courses with a state course code that begins with the number nine and are designed to provide significant modifications to the TEKS through a student's individualized education program (IEP).
