

Bloomington School District 13 Superintendent Performance Goals

Dr. Jon Bartelt

School Year: 2019-2020

District Strategic Plan Goal Areas: 2018-2021

- 1. Student Success:** *By holding high standards and teaching each student based on their own individual strengths and weaknesses, all students can flourish.*
- 2. Teaching and Learning Environment:** *With a strong curriculum and exceptional teachers, the District can best support student achievement and growth.*
- 3. Communication and Collaboration:** *When the District engages all stakeholders in the education process, students benefit.*
- 4. Finance:** *Responsible financial management sustains high academic quality and allows the District's focus to remain on students.*

Section I. Student Achievement SMART Goal

| | | Strategic Plan Goals |
|---------------------|--|--|
| SMART Goal 1 | During the 2019-2020 school year, students in District 13 will achieve, in aggregate, expected annual growth in Reading and Mathematics as reported by MAP and as measured by the Spring 2019 to the Spring 2020 RIT scores on the Measures of Academic Progress testing tool. | Student Success Teaching and Learning Environment |

Bloomington School District 13 Superintendent Performance Goals

Rationale:

- *Student achievement and growth is the top priority of Bloomington School District 13*
- *The Measures of Academic Progress has been utilized for years in the District to measure the annual growth of students*
- *School Boards must include a student growth component into the Superintendent's performance*
- *It is aligned with the District's Strategic Plan and core values*
- *The action plan supports the ongoing achievement of this goal*

Evidence: (Based on Spring MAP scores)

^ These values for weeks of instruction are the median across your schools and are used in all calculations except the Student Norms section, which uses the values from each student's school of record.

** Calculations not provided because students have no MAP results in at least one of the terms. The Growth Count is zero.

‡ Growth Count provided reflects students with MAP results in both the Start and End terms. Observed Growth calculation is based on that student data.
