INDEPENDENT AUDITOR'S REPORT

Members of the Administrative Board Cannon Valley Special Education Cooperative Faribault, Minnesota

Opinions

We have audited the accompanying financial statements of the governmental activities and the major fund of the Cannon Valley Special Education Cooperative, Faribault, Minnesota (the Cooperative), as of and for the year ended June 30, 2023 and the related notes to the financial statements, which collectively comprise the Cooperative's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and the major fund of the Cooperative as of June 30, 2023, and the respective changes in financial position and the budgetary comparison for the General fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Cooperative and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

The Cooperative's management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Cooperative's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are
 appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the
 Cooperative's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Cooperative's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis starting on page 15 and the Schedules of Employer's Shares of the Net Pension Liability, the Schedules of Employer's Pension and Other Post-employment Plan Contributions and the Schedule of Changes in the Cooperative's Total OPEB Liability and Related Ratios starting on page 62 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinion on the financial statements that collectively comprise the School's basic financial statements. The accompanying individual fund schedule and table are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and related directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the individual fund schedule and table are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information in the annual report. The other information comprises the introductory section but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statement do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 5, 2023, on our consideration of the Cooperative's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Cooperative's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Cooperative's internal control over financial reporting and compliance.

Management's Discussion and Analysis

As management of the Cannon Valley Special Education Cooperative, (the Cooperative), we offer readers of the Cooperative's financial statements this narrative overview and analysis of the financial activities of the Cooperative's for the fiscal year ended June 30, 2023.

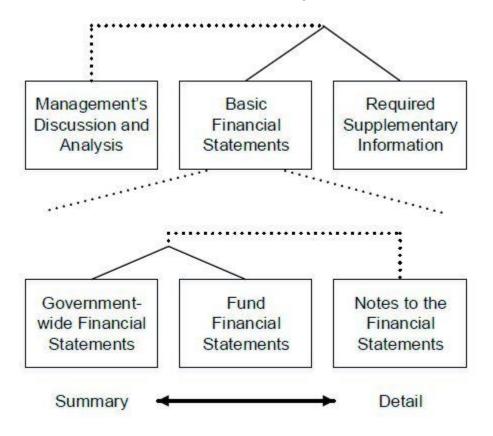

Financial Highlights

- The liabilities and deferred inflows of resources of the Cooperative exceeded its assets and deferred outflows of resources at the close of the most recent fiscal year as shown in the summary of net position on the following pages.
- The Cooperative's total net position decreased as shown in the summary of changes in net position on the following pages. This was primarily a result of expenses related to the recording of the Cooperative's pension liability.
- As of the close of the current fiscal year, the Cooperative's governmental fund balances are shown in the
 Financial Analysis of the Cooperative's funds section of the MD&A. The total fund balance increased in
 comparison with the prior year. This increase was primarily related to expenditures less than budgeted, especially
 related to special education instruction, as well as an increase in revenue from state and federal source.
- At the end of the current fiscal year, unassigned fund balance for the General fund, as shown in the financial analysis of the Cooperative's funds section, increased from the prior year.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the Cooperative's basic financial statements. The Cooperative's basic financial statements are comprised of three components: 1) Cooperative-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other required supplemental information in addition to the basic financial statements themselves. The following chart shows how the various parts of this annual report are arranged and related to one another:

Organization of Cannon Valley Special Education Cooperative Annual Financial Report

The following chart summarizes the major features of the Cooperative's financial statements, including the portion of the Cooperative's activities they cover and the types of information they contain. The remainder of this overview section of management's discussion and analysis highlights the structure and contents of each of the statements:

Major Features of the Cooperative-wide and Fund Financial Statements

		Fund Financial Statements		
	Cooperative-wide Statements	Governmental Funds	Fiduciary Funds	
Scope	Entire Cooperative (except fiduciary funds)	The activities of the Cooperative that are not fiduciary, such as special education and building maintenance	Instances in which the Cooperative administers resources on behalf of someone else, such as scholarship programs and student activities monies	
Required financial statements	 Statement of net position Statement of activities 	 Balance sheet Statement of revenues, expenditures, and changes in fund balance 	 Statement of fiduciary net position Statement of changes in fiduciary net position 	
Accounting basis and measurement focus	Accrual accounting and economic resources focus	Modified accrual accounting and current financial focus	Accrual accounting and economic resources focus	
Type of asset/liability information	All assets and liabilities, both financial and capital, short-term and long-term	Generally assets expected to be used up and liabilities that come due during the year or soon thereafter; no capital assets or long-term liabilities included	All assets and liabilities, both short-term and long- term; funds do not currently contain capital assets, although they can	
Type of deferred outflows/inflows of resources information	All deferred outflows/inflows of resources, regardless of when cash is received or paid.	Only deferred outflows of resources expected to be used up and deferred inflows of resources that come due during the year or soon thereafter; no capital assets included	All deferred outflows/inflows of resources, regardless of when cash is received or paid	
Type of inflow/outflow information	All revenues and expenses during year, regardless of when cash is received or paid	Revenues for which cash is received during or soon after the end of the year; expenditures when goods or services have been received and the related liability is due and payable	All additions and deductions during the year, regardless of when cash is received or paid	

Cooperative-wide Financial Statements. The *Cooperative-wide financial statements* are designed to provide readers with a broad overview of the Cooperative's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all of the Cooperative's assets and deferred outflows of resources and liabilities and deferred inflows of resources, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Cooperative is improving or deteriorating. To assess the Cooperative's overall health, you need to consider additional non-financial indicators such as changes in the Cooperative's condition of Cooperative buildings and other facilities.

The statement of activities presents information showing how the Cooperative's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., earned but unused sick leave that will be paid out at \$10 to \$20 per day if the employee has 10 years of service with the Cooperative at the time of separation).

In the cooperative-wide financial statements, the Cooperative activities are shown in one category titled "governmental activities":

Governmental Activities: The Cooperative's basic services are reported here, including special education
instruction, cooperative support services, administration, and instructional support services. State grants and
member charges for services finance most of these activities.

The Cooperative-wide financial statements can be found starting on page 26 of this report.

Fund Financial Statements. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Cooperative, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the Cooperative are reported under governmental funds.

Governmental Funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the Cooperative-wide financial statements. However, unlike the Cooperative-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a Cooperative's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the Cooperative-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the Cooperative-wide financial statements. By doing so, readers may better understand the long-term impact by the Cooperative's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The Cooperative maintains one individual governmental fund. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures and changes in fund balances for the General fund, which is considered to be a major fund.

The Cooperative adopts an annual appropriated budget for its General fund. A budgetary comparison statement has been provided for the General fund to demonstrate compliance with this budget.

The basic governmental fund financial statements can be found starting on page 30 of this report.

Notes to the Cooperative Financial Statements. The notes provide additional information that is essential to a full understanding of the data provided in the Cooperative-wide and fund financial statements. The notes to the cooperative financial statements can be found starting on page 35 of this report.

Required Supplementary Information. In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning Cannon Valley Special Education Cooperative's share of net pension liabilities (assets) for defined benefits plans, schedules of contributions, and progress in funding its obligation to provide pension and other postemployment benefits to its employees. Required supplementary information can be found starting on page 62 of this report.

Other Information. Individual fund schedule and table can be found starting on page 71 of this report.

Cooperative-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the Cooperative, liabilities and deferred inflows of resources exceeded assets and deferred outflows of resources as shown in the summary of net position below at the close of the most recent fiscal year.

A portion of the Cooperative's net position reflects its net investment in capital assets. The Cooperative uses these capital assets to provide services to students; consequently, these assets are *not* available for future spending. Similarly, the Cooperative has assets restricted for future uses, mainly due to food service. Unrestricted net position carries a balance as shown below.

Cannon Valley Special Education Cooperative's Net Position

	Go			
	2023	2022	Increase (Decrease)	Percent
Current and Other Assets	\$ 3,935,960	\$ 3,099,437	\$ 836,523	27.0 %
Capital Assets	8,748,432	9,405,249	(656,817)	(7.0)
Total Assets	12,684,392	12,504,686	179,706	1.4
Deferred Outflows of Resources				
Deferred pension resources	1,421,765	2,962,370	(1,540,605)	(52.0)
Deferred other post employment benefit resources		7,500	834	11.1
Total Deferred Outflows of Resources	1,430,099	2,969,870	(1,539,771)	(51.8)
Long-term Liabilities Outstanding	14,251,505	12,423,198	1,828,307	14.7
Other Liabilities	603,818	620,816	(16,998)	(2.7)
Total Liabilities	14,855,323	13,044,014	1,811,309	13.9
Deferred Inflows of Resources				
Deferred pension resources	610,125	3,155,030	(2,544,905)	(80.7)
Deferred other post employment benefit resources		72,335	(11,557)	(16.0)
Total Deferred Inflows of Resources	670,903	3,227,365	(2,556,462)	(79.2)
Net Position				
Net investment in capital assets	(68,954)	204,803	(273,757)	(133.7)
Restricted	1,342,982	758,256	584,726	77.1
Unrestricted	(2,685,763)	(1,759,882)	(925,881)	52.6
Total Net Position	\$ (1,411,735)	\$ (796,823)	\$ (614,912)	77.2
Net Position as a Percent of Total				
Net Investment in				
capital assets	(4.9) %	25.7 %		
Restricted	95.1	95.2		
Unrestricted	(190.2)	(220.9)		
	(100.0)	(100.0)		

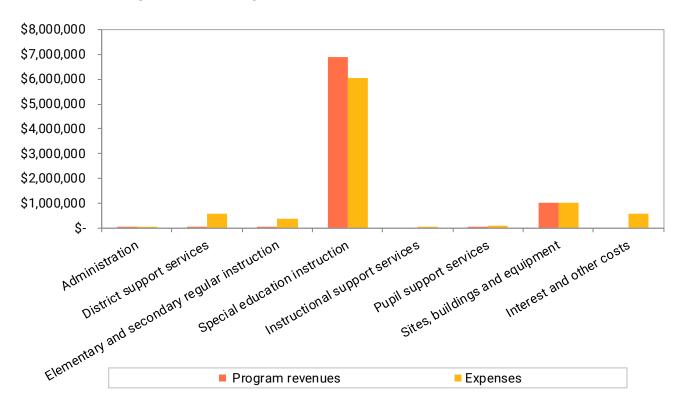

At the end of the current fiscal year, the Cooperative reports a negative balance in the net investment in capital assets and unrestricted categories of net position, and a positive balance in the restricted category.

Governmental Activities. Governmental activities decreased the Cooperative's net position as shown below in the summary of changes in net position. Key elements of this decrease are shown in the table below.

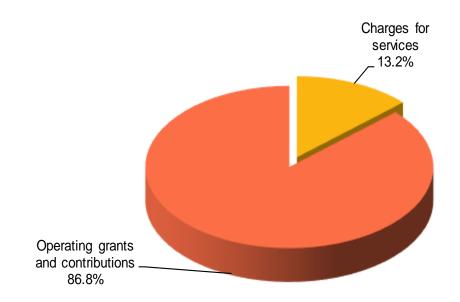

Cannon Valley Special Education Cooperative's Changes in Net Position

			Increase	
	Governmen	tal Activities	(Decrease)	
	2023	2022	Amounts	Percent

Expenses and Program Revenues - Governmental Activities

Revenues by Source - Governmental Activities

Expenses by Program - Governmental Activities

Financial Analysis of the Cooperative's Funds

As noted earlier, the Cooperative uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

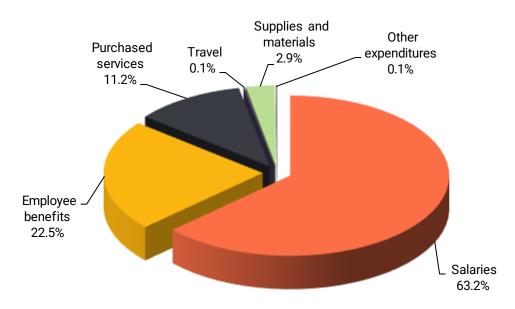

Governmental Funds. The focus of the Cooperative's *governmental funds* is to provide information on near-term inflows, outflows and balances of *spendable* resources. Such information is useful in assessing the Cooperative's financing requirements. In particular, *unassigned fund balance* may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

The General fund is the chief operating fund of the Cooperative. At the end of the current year, the fund balance of the General fund is shown in the table below. As a measure of the General fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures The total unassigned fund balance as a percent of total fund expenditures is shown in the chart below along with total fund balance as a percent of total expenditures.

	Current Year Ending Balance		Prior Year Ending Balance		Increase (Decrease)	
		mig Balaries		ang Balance		
General Fund Fund Balance						
Nonspendable Restricted for	\$	95,111	\$	94,943	\$	168
Medical assistance		1,342,982		758,256		584,726
Unassigned		1,941,859		1,675,318		266,541
	\$	3,379,952	\$	2,528,517	\$	851,435
General Fund expenditures Unassigned as a percent of expenditures Total Fund Balance as a percent of expenditures	\$	7,188,896 27.0% 47.0%	\$	16,512,744 10.1% 15.3%		

The fund balance of the Cooperative's General fund increased during the current fiscal year as shown in the table above. The increase in fund balance was due to total expenditures being less than budgeted, primarily related to the special education instruction expenditures.

Current Expenditures by Category - General Fund

General Fund Budgetary Highlights

	Original Budgeted Amounts	Budget Amendments	Final Budgeted Amounts	Actual Amounts	Variance with Final Budget
Revenues Expenditures	8,747,590 8,347,590	(530,941) (758,941)	8,216,649 7,588,649	8,040,331 7,188,896	(176,318) 399,753
Net Change in Fund Balances	400,000	228,000	628,000	851,435	223,435
Fund Balances, July 1	2,528,517		2,528,517	2,528,517	
Fund Balances, June 30	\$ 2,928,517	\$ 228,000	\$ 3,156,517	\$ 3,379,952	\$ 223,435

The Cooperative's General fund budget was amended during the year as shown above. The budget amendment decreased revenues relating to state sources and decreased expenditures relating to mostly elementary and secondary regular instruction and sites and buildings. Actual revenues were under the final budget and expenditures were under the final budget amounts as shown above. The adopted budget was revised to more accurately align with positions the Cooperative was able to fill.

Capital Asset and Debt Administration

Capital Assets. The Cooperative's investment in capital assets for its governmental activities as of June 30, 2023, is shown below in the capital asset table (net of accumulated depreciation). This investment in capital assets includes equipment and leased items. The following is a schedule of capital assets as of June 30, 2023.

Cannon Valley Special Education Cooperative's Capital Assets (Net of Depreciation)

	Governmental Activities				
	20	2023 2		Increas 2022 (Decreas	
Equipment Leased Building Leased Equipment	8,5	21,516 \$ 74,036 52,880	128,082 9,209,167 68,000	\$	(6,566) (635,131) (15,120)
Total	\$ 8,7	48,432 \$	9,405,249	\$	(656,817)

Additional information on the Cooperative's capital assets can be found in Note 3C on page 43 of this report.

Long-term Debt. At the end of the current fiscal year, the Cooperative had the following noncurrent liabilities outstanding.

Cannon Valley Special Education Cooperative's Outstanding Debt

	Go	Governmental Activities			
	2023	2022	Increase (Decrease)		
Lease Payable Loan Payable	\$ 8,817,386 1,000,000	\$ 9,200,446 1,000,000	\$ (383,060)		
Total	\$ 9,817,386	\$ 10,200,446	\$ (383,060)		

Additional information on the Cooperative's capital lease payable can be found in Note 3D on page 43 of this report.

Factors Bearing on the Cooperative's Future

At the time these financial statements were prepared and audited, the Cooperative was aware of the following circumstance that could significantly affect its financial health in the future.

- The Cooperative is dependent on state reimbursements and other grants with the remaining expenses billed to the member districts.
- Program enrollment is an important indicator of the stability of the Cooperative. All three
 programs had a waiting list for the majority of the 2022-2023 Cooperative year.

Requests for Information

This financial report is designed to provide the Cooperative's citizens, taxpayers, customers, and investors and creditors with a general overview of the Cooperative's finances and to demonstrate the Cooperative's accountability for the money it receives. Questions concerning any of the information provided in this report or requests for additional financial information should be in written form and addressed to the Business Office, Cannon Valley Special Education Cooperative, 200 Western Ave NW, Suite A, Faribault, MN 55021.

Fairbault, Minnesota
Reconciliation of the Statement of
Revenues, Expenditures and Changes in Fund Balances
to Statement of Activities
Governmental Fund
For the Year Ended June 30, 2023

Amounts reported for governmental activities in the statement of activities are different because

Total Net Change in Fund Balances - Governmental Funds	\$	851,435
Capital outlays are reported in governmental funds as expenditures. However in the statement of activities, the cost of those assets is allocated over the estimated useful lives as depreciation expense.		
Depreciation/Amortization expense		(656,817)
The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of actives.		
Principal repayment		383,060
Interest on long-term debt in the statement of actives differs from the amount reported in the governmental fund because interest is recognized as an expenditure in the funds when it is due, and thus requires the use of current financial resources. In the statement of actives, however, interest expense is recognized as the interest expense is recognized as the interest expense.	t	0.000
accrues, regardless of when it is due.		2,086
Long-term pension activity is not reported in governmental funds. Pension expense Direct aid contributions	((1,146,118) 4,820
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.		
Compensated absences		(28,630)
Other postemployment benefits expense		(24,748)
Change in Net Position - Governmental Activities	\$	(614,912)

Cannon Valley Special Education Cooperative Faribault, Minnesota Notes to the Cooperative Financial Statements June 30, 2023

Note 1: Summary of Significant Accounting Policies

A. Reporting Entity

The Cannon Valley Special Education Cooperative, (the Cooperative) is a public agency established by a Joint Powers Agreement entered into pursuant to Minnesota Statutes, Section 471.59. The four member school districts are listed in the Joint Powers Agreement. The primary objective of the Cooperative is to provide, by a cooperative effort, comprehensive special educational programs and other related services as can be efficiently and effectively operated by its group of four member Independent Districts. The four member Independent Districts are Faribault, Medford, Northfield and Owatonna Public Schools. The governing body of the Cooperative consists of one District Board member representative appointed by the respective school board of each member district.

Accounting Principles Generally Accepted in the United States of America (GAAP) require that the Cooperative's financial statements include all funds, departments, agencies, boards, commissions, and other organizations which are not legally separate from the Cooperative. In addition, the Cooperative's financial statements are to include all component units - entities for which the Cooperative is financially accountable.

Financial accountability includes such aspects as appointing a voting majority of the organization's governing body, significantly influencing the programs, projects, activities, or level of services performed or provided by the organization or receiving specific financial benefits from, or imposing specific financial burden on, the organization. These financial statements include all funds of the Cooperative. There are no other entities for which the Cooperative is financially accountable.

B. Cooperative-wide and Fund Financial Statements

The Cooperative-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all activities of the Cooperative.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segments are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. Amounts reported as *program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Interest and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds, even though the latter are excluded from the Cooperative-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

C. Measurement Focus, Basis of Accounting and Basis of Presentation

The Cooperative-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Cannon Valley Special Education Cooperative Faribault, Minnesota Notes to the Cooperative Financial Statements June 30, 2023

Note 1: Summary of Significant Accounting Policies (Continued)

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. Federal and State revenue is recognized in the year to which it applies according to accounting principles generally accepted in the United States of America. Minnesota statutes include Federal and State aid funding formulas for specific fiscal years. Federal revenue is recorded in the year in which the related expenditure was made. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, expenditures related to compensated absences and claims and judgments, are recorded only when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds.

Intergovernmental revenues and interest are susceptible to accrual. Other receipts become measurable and available when cash is received by the Cooperative and are recognized as revenue at that time.

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the year in which the resources are measurable and become available.

Non-exchange transactions, in which the Cooperative receives value without directly giving equal value in return, include grants, entitlements and donations. On an accrual basis, revenue from grants, entitlements and donations is recognized in the year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the Cooperative must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the Cooperative on a reimbursement basis. On a modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized.

Unearned revenue arises when assets are recognized before revenue recognition criteria have been satisfied. Grants and entitlements received before eligibility requirements are met are also recorded as unearned revenue.

Entitlements and shared revenues are recorded at the time of receipt or earlier if the susceptible to accrual criteria are met. Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other grant requirements have been met.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Description of Funds

The various Cooperative funds have been established by the State of Minnesota Department of Education. Each fund is accounted for as an independent entity. Descriptions of the funds included in this report are as follows:

Major Governmental Fund

The General fund is the Cooperative's primary operating fund. It accounts for all financial resources and transactions of the Cooperative.

Notes to the Cooperative Financial Stateme June 30, 2023

Note 1: Summary of Significant Accounting Policies (Continued)

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources and Net Position/Fund Balance

Deposits and Investments

The Cooperative's cash and cash equivalents are considered to be cash on hand, demand deposits and all highly liquid investments or equity investments with original maturities of three months or less from the date of acquisition.

Cash balances from all funds are pooled and invested, to the extent available, in certificates of deposit and other authorized investments. Earnings from such investments are allocated on the basis of applicable participation by each of the funds.

The Cooperative may also invest idle funds as authorized by Minnesota statutes, as follows:

- 1. Direct obligations or obligations guaranteed by the United States or its agencies.
- 2. Shares of investment companies registered under the Federal Investment Company Act of 1940 and received the highest credit rating, are rated in one of the two highest rating categories by a statistical rating agency and all of the investments have a final maturity of thirteen months or less.
- 3. General obligations of a state or local government with taxing powers rated "A" or better; revenue obligations rated "AA" or better.
- 4. General obligations of the Minnesota Housing Finance Agency rated "A" or better.
- 5. Obligation of a school Cooperative with an original maturity not exceeding 13 months and (i) rated in the highest category by a national bond rating service or (ii) enrolled in the credit enhancement program pursuant to statute section 126C.55.
- 6. Bankers acceptances of Unites States banks eligible for purchase by the Federal Reserve System.
- 7. Commercial paper issued by United States banks corporations or their Canadian subsidiaries, of highest quality category by at least two nationally recognized rating agencies, and maturing in 270 days or less.
- 8. Repurchase or reverse repurchase agreements and securities lending agreements with financial institutions qualified as a "depository" by the government entity, with banks that are members of the Federal Reserve System with capitalization exceeding \$10,000,000, a primary reporting dealer in U.S. government securities to the Federal Reserve Bank of New York, or certain Minnesota securities broker-dealers.
- 9. Guaranteed investment contracts (GIC's) issued or guaranteed by a United States commercial bank, a domestic branch of a foreign bank, a United States insurance company, or its Canadian subsidiary, whose similar debt obligations were rated in one of the top two rating categories by a nationally recognized rating agency.

The Cooperative has not adopted a formal investment policy.

Note 1: Summary of Significant Accounting Policies (Continued)

Accounts Receivable

All receivables are shown net of any allowance for uncollectible. No allowances for uncollectible have been recorded. It is expected that all receivables will be fully collected within one year.

Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both Cooperative-wide and fund financial statements.

Capital Assets

Capital assets include property, plant and equipment. Capital assets are defined by the Cooperative as assets with an initial, individual cost of more than \$5,000 (amount not rounded). Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquistion value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Property, plant, and equipment of the Cooperative are depreciated using the straight line method over the following estimated useful lives:

Assets	_	Years
Equipment and Machinery		3 - 20

Deferred Outflows of Resources

In addition to assets, the statement of net financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The Cooperative has two items that qualify for reporting in this category. Accordingly, the items, deferred pension resources and deferred OPEB resources, are reported only in the statement of net position. The pension resources result from actuarial calculations and current year pension contributions made subsequent to the measurement date. The OPEB resources are current year OPEB contributions made subsequent to the measurement date.

Compensated Absences

It is the Cooperative's policy to permit certain employees to accumulate earned but unused vacation benefits. All vacation pay is accrued when incurred in the Cooperative-wide financial statements. The policy states that the individuals may carry over unused vacation days to be used, but not exceed the following contract year. The amount calculated as compensated absences payable for June 30, 2023 is \$50,716. The General fund is used to liquidate governmental compensated absences payable.

Note 1: Summary of Significant Accounting Policies (Continued)

Pensions

Teachers Retirement Association (TRA)

For purposes of measuring the net pension liability, deferred outflows/inflows of resources, and pension expense, information about the fiduciary net position of the Teachers Retirement Association (TRA) and additions to/deductions from TRA's fiduciary net position have been determined on the same basis as they are reported by TRA.

TRA has a special funding situation created by direct aid contributions made by the State of Minnesota, City of Minneapolis and Minneapolis School District. The direct aid is a result of the merger of the Minneapolis Teachers Retirement Fund Association merger into TRA in 2006. A second direct aid source is from the State of Minnesota for the merger of the Duluth Teacher's Retirement Fund Association (DTRFA) in 2015. Additional information can be found in Note 4.

Public Employees Retirement Association (PERA)

For purposes of measuring the net pension liability, deferred outflows/inflows of resources, and pension expense, information about the fiduciary net position of the Public Employees Retirement Association (PERA) and additions to/deductions from PERA's fiduciary net position have been determined on the same basis as they are reported by PERA. For this purpose, plan contributions are recognized as of employer payroll paid dates and benefit payments and refunds are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value. The General fund is typically used to liquidate the governmental net pension liability.

The total pension expense for GERP and TRA is as follows:

	GERP TRA					Total All Plans		
Cooperative's proportionate share Proportionate share of State's contribution	\$	234,478 4,820	\$	1,223,963 32,544	\$	1,458,441 37,364		
Total pension expense	\$	239,298	\$	1,256,507	\$	1,495,805		

Postemployment Benefits Other Than Pensions

Under Minnesota statute 471.61, subdivision 2b, public employers must allow retirees and their dependents to continue coverage indefinitely in an employer-sponsored health care plan, under the following conditions: 1) Retirees must be receiving (or eligible to receive) an annuity from a Minnesota public pension plan, 2) Coverage must continue in a group plan until age 65, and retirees must pay no more than the group premium, and 3) Retirees are able to add dependent coverage during open enrollment period or qualifying life event prior to retirement. All premiums are funded on a pay-asyou-go basis. The liability was determined, in accordance with GASB Statement No. 75, at July 1, 2021. The General fund is typically used to liquidate governmental other postemployment benefits payable.

Deferred Inflows of Resources

In addition to liabilities, the statement of net position and fund financial statements will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. Furthermore, the Cooperative has two additional items which qualify for reporting in this category. The items, deferred pension resources and deferred other postemployment benefit resources, are reported only in the statement of net position and results from actuarial calculations.

Note 1: Summary of Significant Accounting Policies (Continued)

Fund Balance

In the fund financial statements, fund balance is divided into five classifications based primarily on the extent to which the Cooperative is bound to observe constraints imposed upon the use of resources reported in the governmental funds. These classifications are defined as follows:

Nonspendable - Amounts that cannot be spent because they are not in spendable form, such as prepaid items.

Restricted - Amounts related to externally imposed constraints established by creditors, grantors or contributors; or constraints imposed by state statutory provisions.

Committed - Amounts constrained for specific purposes that are internally imposed by formal action (resolution) of the Administrative Board (the Board), which is the Cooperative's highest level of decision-making authority. Committed amounts cannot be used for any other purpose unless the Board modifies or rescinds the commitment by resolution.

Assigned - Amounts constrained for specific purposes that are internally imposed. In governmental funds other than the General fund, assigned fund balance represents all remaining amounts that are not classified as nonspendable and are neither restricted nor committed. In the General fund, assigned amounts represent intended uses established by the Board itself or by an official to which the governing body delegates the authority. The board of directors passed a resolution authorizing the Director of Special Services and the Business Manager to assign fund balances and its intended uses.

Unassigned - The residual classification for the General fund and also negative residual amounts in other funds.

The Cooperative considers restricted amounts to be spent first when both restricted and unrestricted fund balance is available. Additionally, the Cooperative would first use committed, then assigned, and lastly unassigned amounts of unrestricted fund balance when expenditures are made.

Net Position

In the Cooperative-wide financial statements, net position represents the difference between assets, deferred outflows of resources and liabilities and deferred inflows of resources. Net position is displayed in three components:

- a. Net investment in capital assets Consists of capital assets, net of accumulated depreciation reduced by any outstanding debt attributable to acquire capital assets.
- b. Restricted net position Consist of net position restricted when there are limitations imposed on their use through external restrictions imposed by creditors, grantors, laws or regulations of other governments.
- c. Unrestricted net position All other net position balances that do not meet the definition of "restricted" or "net investment in capital assets".

When both restricted and unrestricted resources are available for use, it is the Cooperative's policy to use restricted resources first, then unrestricted resources as they are needed.

Note 2: Stewardship, Compliance and Accountability

A. Budgetary Information

Budgets are prepared for Cooperative governmental funds on the same basis and using the same accounting practices that are used in accounting and preparing financial statements for the funds. Budgets presented in the report for comparison to actual amounts are presented in accordance with generally accepted accounting principles. Final budgeted amounts represent the originally adopted budget as amended.

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriations, is not employed by the Cooperative because it is at present considered not necessary to assure effective budgeting control or to facilitate effective cash planning and control.

Note 3: Detailed Notes on all Funds

A. Deposits and Investments

Custodial credit risk for deposits and investments is the risk that in the event of a bank failure, the Cooperative's deposits may not be returned or the Cooperative will not be able to recover collateral securities in the possession of an outside party. In accordance with Minnesota statutes and as authorized by the School Board, the Cooperative maintains deposits at those depository banks which are members of the Federal Reserve System.

Minnesota statutes require that all Cooperative deposits be protected by insurance, surety bond or collateral. The fair value of collateral pledged must equal 110 percent of the deposits not covered by insurance, bonds or irrevocable standby letters of credit from Federal Home Loan Banks.

Authorized collateral includes the legal investments described below, as well as certain first mortgage notes, and certain other State or local government obligations. Minnesota Statutes require that securities pledged as collateral be held in safekeeping by the Cooperative Treasurer or in a financial institution other than that furnishing the collateral.

At year end, the Cooperative's carrying amount of deposits was \$348,358 and the bank balance was \$508,075. Of the bank balance, \$250,000 was covered by Federal depository insurance. The remaining balance was covered by collateral held by the pledging financial institution's trust department in the Cooperative's name.

Note 3: Detailed Notes on all Funds (Continued)

As of June 30, 2023, the Cooperative had the following investments:

Towns of love the contra	Credit Quality/	Segmented Time	A
Types of Investments	Ratings (1)	Distribtuion (2)	Amount
Pooled Investment at Amortized Costs Minnesota School District Liquid	A A A	Hadan Caramaha	Ó 0.706 400
Asset Fund (MSDLAF)	AAAm	Under 6 months =	\$ 2,796,432

- (1) Ratings are provided by various credit rating agencies where applicable to indicate associated credit risk.
- (2) Interest rate risk is disclosed using the segmented time distribution method.

The Minnesota School District Liquid Asset Fund (MSDLAF) is a trust organized and existing under the laws of the State of Minnesota and the Minnesota Joint Powers Act, as amended. The trust was established for the purpose of allowing Minnesota school districts to pool their investment funds to obtain a competitive investment yield, while maintaining liquidity and preserving capital. The credit rating for the MSDLAF is AAAm. The weighted average days to maturity are less than six months. The Cooperative's investment in the MSDLAF is equal to the value of pool shares. The MSDLAF had a carrying amount of \$2,796,432 at year end.

A reconciliation of cash and temporary investments as shown on the financial statements for the Cooperative follows:

Deposits	\$ 348,358
Investments	2,796,432
	_
Total Cash and Temporary Investments	\$ 3,144,790

B. Intergovernmental Receivables

A summary of all intergovernmental receivables as of June 30, 2023 is as follows:

	 General
State Department of Education State grants Federal flow through monies	\$ 637,822 58,237
Total	\$ 696,059

Note 3: Detailed Notes on all Funds (Continued)

C. Capital Assets

Capital asset activity for the year ended June 30, 2023 was as follows:

D. Long-term Debt

Lease Payable

Lease agreements are summarized as follows:

Description	Total	Interest	Issue	Payment	Payment	Balance at
	Lease Liability	Rate	Date	Terms	Amount	Year End
Faribo West Mall		6.50 %	06/01/21	15 Years	Variable Annually	\$ 8,758,493
EO Johnson Copi		7.50	04/01/22	5 Years	1,505 Monthly	58,893
						\$ 8,817,386

Cannon Valley Special Education Cooperative Faribault, Minnesota

Notes to the Cooperative Financial Statements June 30, 2023

Note 3: Detailed Notes on all Funds (Continued)

The Faribo West Mall was leased for the Cooperative beginning June 1, 2021 for a term of fifteen years at a fixed interest rate of 6.50%. This lease is not renewable

The E.O. Johnson copiers were leased for the Cooperative beginning April 1, 2022 for a term of five years at a fixed interest rate of 6.50%. This lease is not renewable.

Annual requirements to amortize long-term obligations and related interest are as follows:

Year EndingJune 30,	Principal Payments	Interest Payments	Total
2024	\$ 408,853	\$ 561,618	\$ 970,471
2025	436,386	534,086	970,472
2026	465,774	504,698	970,472
2027	541,662	471,913	1,013,575
2028	563,924	436,103	1,000,027
2029 - 2033	3,545,807	1,554,327	5,100,134
2034 - 2036	2,854,980	295,103	3,150,083
Total	\$ 8,817,386	\$ 4,357,847	\$ 13,175,233

Loans Payable

During fiscal year 2018, the Cooperative borrowed a total of \$1,000,000 from four districts to assist with cash flow. The loan will be repaid to the district's as excess fund balance is available. The balances owed to each district as of June 30, 2023 is as follows:

District	Amount
Faribault Public Schools	\$ 318,827
Medford Public Schools	41,686
Northfield Public Schools	284,471
Owatonna Public Schools	355,016
Total	\$ 1,000,000

Changes in Long-term Liabilities

Long-term liability activity for the year ended June 30, 2023 was as follows:

		Restated Beginning Balance	A	dditions	D	eductions		Ending Balance	Di	amounts ue Within One Year
Governmental Activities	٨	0.000.446	٨		٨	(202.060)	^	0.017.006	٨	400.050

Faribault, Minnesota Notes to the Cooperative Financial Statements June 30, 2023

Note 4: Defined Benefit Pension Plans - Statewide

Substantially all employees of the Cooperative are required by state law to belong to pension plans administered by Teachers Retirement Association (TRA) or Public Employees Retirement Association (PERA), all of which are administered on a statewide basis.

Disclosures relating to these plans follow:

A. Teachers Retirement Association (TRA)

1. Plan Description

The Teachers Retirement Association (TRA) is an administrator of a multiple employer, cost-sharing, defined benefit retirement fund. TRA administers a Basic Plan (without Social Security coverage) and a Coordinated Plan (with Social Security coverage) in accordance with Minnesota statutes, chapters 354 and 356. TRA is a separate statutory entity and administered by a Board of Trustees. The Board consists of four active members, one retired member and three statutory officials.

Educators employed in Minnesota's public elementary and secondary school, charter schools, and certain other TRA-covered educational institutions maintained by the state are required to be TRA members (except those employed by St. Paul schools or Minnesota State colleges and universities). Educators first hired by Minnesota State may elect either TRA coverage or coverage through the Defined Contribution Plan (DCR) administered by the State of Minnesota.

2. Benefits Provided

TRA provides retirement benefits as well as disability benefits to members and benefits to survivors upon death of eligible members. Benefits are established by Minnesota statute and vest after three years of service credit. The defined retirement benefits are based on a member's highest average salary for any five consecutive years of allowable service, age and a formula multiplier based on years of credit at termination of service.

Two methods are used to compute benefits for TRA's Coordinated and Basic Plan members. Members first employed before July 1, 1989 receive the greater of the Tier I or Tier II as described:

Tier I:	Step Rate Formula		
Basic	First ten years of service	2.2 percent per year	
	All years after	2.7 percent per year	
Coordinated	First ten years if service years are prior to July 1, 2006 First ten years if service years	1.2 percent per year	
	are July 1, 2006 or after All other years of service if service	1.4 percent per year	
	years are prior to July 1, 2006 All other years of service if service	1.7 percent per year	
	years are July 1, 2006 or after	1.9 percent per year	

Note 4: Defined Benefit Pension Plans - Statewide (Continued)

With these provisions:

- 1. Normal retirement age is 65 with less than 30 years of allowable service and age 62 with 30 or more years of allowable service.
- 2. Three percent per year early retirement reduction factors for all years under normal retirement age.
- 3. Unreduced benefits for early retirement under a Rule-of-90 (age plus allowable service equals 90 or more).

or

Tier II: For years of service prior to July 1, 2006, a level formula of 1.7 percent per year for coordinated members and 2.7 percent per year for basic members. For years of service July 1, 2006 and after, a level formula of 1.9 percent per year for Coordinated members and 2.7 for Basic members applies. Beginning July 1, 2015, the early retirement reduction factors are based on rates established under Minnesota statute. Smaller reductions, more favorable to the member, will be applied to individuals who reach age 62 and have 30 years or more of service credit.

Members first employed after June 30, 1989 receive only the Tier II calculation with a normal retirement age that is their retirement age for full Social Security retirement benefits, but not to exceed age 66.

Six different types of annuities are available to members upon retirement. The No Refund Life Plan is a lifetime annuity that ceases upon the death or the retiree - no survivor annuity is payable. A retiring member may also choose to provide survivor benefits to a designated beneficiary(is) by selecting one of the five plans, which have survivorship features. Vested members may also leave their contributions in the TRA Fund upon termination of service in order to qualify for a deferred annuity at retirement age. Any member terminating service is also eligible for a refund of their employee contributions plus interest.

The benefit provisions stated apply to active plan participants. Vested, terminated employees who are entitled to benefits but not yet receiving them are bound by the provisions in effect at the time they last terminated their public service.

3. Contribution Rate

Per Minnesota statutes, chapter 354 sets the contribution rates for employees and employers. Rates for each fiscal year were:

	Ending June	e 30, 2021	Ending Jun	e 30, 2022	Ending June 30, 2023		
Plan	Employee	Employer	Employee	Employer	Employee	Employer	
Basic	11.00%	12.13%	11.00%	12.34%	11.00%	12.55%	
Coordinated	7.50%	8.13%	7.50%	8.34%	7.50%	8.55%	

The Cooperative's contributions to TRA for the years ending June 30, 2023, 2022 and 2021 were \$226,372, \$205,953, and \$184,590 respectively. The Cooperative's contributions were equal to the contractually required contributions for each year as set by Minnesota statute.

Faribault, Minnesota Notes to the Cooperative Financial Statements June 30, 2023

Note 4: Defined Benefit Pension Plans - Statewide (Continued)

The following is a reconciliation of employer contributions in TRA's fiscal year 2022 Annual Comprehensive Financial Report "Statement of Changes in Fiduciary Net Position" to the employer contributions used in Schedule of Employer and Non-Employer Pension Allocations.

Employer Contributions Reported in TRA's Annual Comprehensive	
Financial Report Statement of Changes in Fiduciary Net Position	\$ 482,679,000
Add Employer Contributions not Related to Future Contribution Efforts	(2,178,000)
Deduct TRA'S Contributions not Included in Allocation	(572,000)
Total Employer Contributions	479,929,000
Total Non-employer Contributions	35,590,000
Total Contributions Reported in Schedule of Employer and Non-employer	
Pension Allocations	\$ 515,519,000

Amounts reported in the allocation schedules may not precisely agree with financial statement amounts or actuarial valuations due to the number of decimal places used in the allocations. TRA has rounded percentage amounts to the nearest ten thousandths.

4. Actuarial Assumptions

Actuarial Information Valuation date

The total pension liability in the June 30, 2022 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement.

Key Methods and Assumptions Used in Valuation of Total Pension Liability

July 1, 2022

	, -, -,
Measurement Date	June 30, 2022
Experience study	June 5, 2019 (demographic and economic assumptions)*
Actuarial cost method	Entry Age Normal
Actuarial assumptions	
Investment rate of return	7.00%
Price inflation	2.50%
Wage growth rate	2.85% before July 1, 2028 and 3.25% thereafter
Projected salary increase	2.85 to 8.85% before July 1, 2028 and 3.25 to 9.25% thereafter
Cost of living adjustment	1.0% for January 2019 through January 2023, then increasing by 0.1% each year up to 1.5% annually

Mortality Assumption

Pre-retirement

RP-2014 white collar employee table, male rates set back five years and female rates set back seven years. Generational projection uses the MP-2015 scale.

Post-retirement

RP-2014 white collar annuitant table, male rates set back three years and female rates set back three years, with further adjustments of the rates.

Post-disability

Generational projection uses the MP-2015 scale.

RP-2014 disabled retiree mortality table, without adjustment.

^{*}The assumptions prescribed are based on the experience study dated June 28, 2019. For GASB 67 purposes, the long-term rate of return assumptions is selected by TRA management in consultation with the actuary.

June 30, 2023

Note 4: Defined Benefit Pension Plans - Statewide (Continued)

4. Long-Term Rate of Return

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Long-term Expected Real Rate of Return
Domestic Equity	33.50 %	5.10 %
International Equity	16.50	5.30
Private Markets	25.00	5.90
Fixed Income	25.00	0.75
Total	100.00 %	

The TRA actuary has determined the average of the expected remaining service lives of all members for fiscal year 2023 is six years. The Difference between Expected and Actual Experience, Changes of Assumptions, and Changes in Proportion use the amortization period of six years in the schedule presented. The amortization period for Net Difference between Projected and Actual Investment Earnings on Pension Plan Investments" is five years as required by GASB 68.

Changes in actuarial assumptions since the 2021 valuation:

None

5. Discount Rate

The discount rate used to measure the total pension liability was 7.00 percent. There was no change in the discount rate since the prior measurement date. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the fiscal year 2022 contribution rate, contributions from school districts will be made at contractually required rates (actuarially determined), and contributions from the state will be made at current statutorily required rates. Based on those assumptions, the pension plan's fiduciary net position was not projected to be depleted and, as a result, the Municipal Bond Index Rate was not used in the determination of the Single Equivalent Interest Rate (SEIR).

6. Net Pension Liability

At June 30, 2023, the Cooperative reported a liability of \$3,162,951 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2022, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The Cooperative's proportion of the net pension liability was based on the Cooperative's contributions to TRA in relation to total system contributions including direct aid from the State of Minnesota, City of Minneapolis and Minneapolis School District. The Cooperative's proportionate share was 0.0395 percent which was an increase of 0.0031 percent from its proportion measured as of June 30, 2021.

Faribault, Minnesota Notes to the Cooperative Financial Statements June 30, 2023

Note 4: Defined Benefit Pension Plans - Statewide (Continued)

The pension liability amount reflected a reduction due to direct aid provided to TRA. The amount recognized by the Cooperative as its proportionate share of the net pension liability, the direct aid, and total portion of the net pension liability that was associated with the Cooperative were as follows:

Cooperative's Proportionate Share of Net Pension Liability \$ 3,162,951 State's Proportionate Share of Net Pension Liability Associated with the Cooperative 234,854

For the year ended June 30, 2023, the Cooperative recognized pension expense of \$1,223,963. It also recognized \$32,544 as an increase to pension expense for the support provided by direct aid.

On June 30, 2023, the Cooperative had deferred resources related to pensions from the following sources:

	C	Deferred Dutflows Resources	_	Deferred Inflows Resources
Differences Between Expected and				
Actual Economic Experience	\$	45,818	\$	25,640
Changes in Actuarial Assumptions		467,018		552,977
Net Difference Between Projected a\nd				
Actual Earnings on Plan Investments		179,916		-
Changes in Proportion		106,264		-
Contributions to TRA Subsequent				
to the Measurement Date		226,372		
Total	<u>\$</u>	1,025,388	\$	578,617

Deferred outflows of resources totaling \$226,372 related to pensions resulting from the Cooperative's contributions to TRA subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2024 Other deferred outflows of resources and deferred inflows of resources will be recognized in pension expense as follows:

2024	\$ (423,415)
2025	70,887
2026	(7,686)
2027	345,599
2028	233,156
Thereafter	1.858

Faribault, Minnesota Notes to the Cooperative Financial Statements June 30, 2023

Note 4: Defined Benefit Pension Plans - Statewide (Continued)

7. Pension Liability Sensitivity

The following presents the net pension liability of TRA calculated using the discount rate of 7.00 percent, as well as what the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.00 percent) or one percentage point higher (8.00 percent) than the current rate.

Cooperative's Proportionate Share of NPL

Dec			Percent ase (8.00%)		
\$	4,986,220	\$	3,162,951	\$	1,668,439

The Cooperative's proportion of the net pension liability was based on the employer contributions to TRA in relation to TRA's total employer contributions including direct aid contributions from the State of Minnesota, City of Minneapolis and Minneapolis School District.

8. Pension Plan Fiduciary Net Position

Detailed information about the plan's fiduciary net position is available in a separately issued TRA financial report. That report can be obtained at www.MinnesotaTRA.org, by writing to TRA at 60 Empire Drive, Suite 400, St. Paul, MN, 55103-4000; or by calling (651-296-2409 or 800-657-3669.

B. Public Employees Retirement Association (PERA)

1. Plan Description

The Cooperative participates in the following defined benefit pension plans administered by the Public Employees Retirement Association (PERA). PERA's defined benefit pension plans are established and administered in accordance with *Minnesota statutes*, chapters 353 and 356. PERA's defined benefit pension plans are tax qualified plans under Section 401 (a) of the Internal Revenue Code.

General Employees Retirement Plan

All full-time and certain part-time employees of the Cooperative, other than teachers, are covered by the General Employees Plan. General Employee Plan members belong to the Coordinated Plan. Coordinated Plan members are covered by Social Security.

2. Benefits Provided

PERA provides retirement, disability and death benefits. Benefit provisions are established by state statute and can only be modified by the state legislature. Vested, terminated employees who are entitled to benefits but are not receiving them yet are bound by the provisions in effect at the time they last terminated their public service.

Note 4: Defined Benefit Pension Plans - Statewide (Continued)

General Employee Plan Benefits

General Employees Plan benefits are based on a member's highest average salary for any five successive years of allowable service, age, and years of credit at termination of service. Two methods are used to compute benefits for PERA's Coordinated Plan members. Members hired prior to July 1, 1989, receive the higher of Method 1 or Method 2 formulas. Only Method 2 is used for members hired after June 30, 1989. Under Method 1, the accrual rate for Coordinated members is 1.2 percent of average salary for each of the first 10 years of service and 1.7 percent of average salary for each additional year. Under Method 2, the accrual rate for Coordinated members is 1.7 percent for average salary for all years of service. For members hired prior to July 1, 1989 a full annuity is available when age plus years of service equal 90 and normal retirement age is 65. For members hired on or after July 1, 1989 normal retirement age is the age for unreduced Social Security benefits capped at 66.

Benefit increases are provided to benefit recipients each January. The postretirement increase is equal to 50 percent of the cost-of-living adjustment (COLA) announced by the SSA, with a minimum increase of at least 1 percent and a maximum of 1.5 percent. Recipients that have been receiving the annuity or benefit for at least a full year as of the June 30 before the effective date of the increase will receive the full increase. Recipients receiving the annuity or benefit for at least one month but less than a full year as of the June 30 before the effective date of the increase will receive a reduced prorated increase. For members retiring on January 1, 2024, or later, the increase will be delayed until normal retirement age (age 65 if hired prior to July 1, 1989, or age 66 for individuals hired on or after July 1, 1989). Members retiring under Rule of 90 are exempt from the delay to normal retirement.

3. Contributions

Minnesota statutes chapter 353 sets the rates for employer and employee contributions. Contribution rates can only be modified by the state legislature.

General Employees Fund Contributions

Coordinated Plan members were required to contribute 6.50 percent of their annual covered salary in the fiscal year 2022 and the Cooperative was required to contribute 7.50 percent for Coordinated Plan. The Cooperative's contributions to the General Employees Fund for the years ending June 30, 2023, 2022 and 2021 were \$90,775, \$78,161, and \$66,363, respectively. The Cooperative's contributions were equal to-the contractually required contributions for each year as set by Minnesota statute.

June 30, 2023

Note 4: Defined Benefit Pension Plans - Statewide (Continued)

4. Pension Costs

General Employee Fund Pension Costs

At June 30, 2023, the Cooperative reported a liability of \$1,100,885 for its proportionate share of the General Employee Fund's net pension liability. The Cooperative's net pension liability reflected a reduction due to the State of Minnesota's contribution of \$16 million. The State of Minnesota is considered a non-employer contributing entity and the State's contribution meets the definition of a special funding situation. The State of Minnesota's proportionate share of the net pension liability associated with the Cooperative totaled \$32,258.

The net pension liability was measured as of June 30, 2023, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The Cooperative's proportion of the net pension liability was based on the Cooperative's contributions received by PERA during the measurement period for employer payroll paid dates from July 1, 2021 through June 30, 2022 relative to the total employer contributions received from all of PERA's participating employers. The Cooperative's proportion was 0.0139 percent which was an increase of 0.0016 percent from its proportion measured as of June 30, 2021.

Cooperative's Proportionate Share of the Net Pension Liability	\$ 1,100,885
State of Minnesota's Proportionate Share of the Net Pension	
Liability Asssociated with the Cooperative	32,258
Total	\$ 1,133,143

For the year ended June 30, 2023 the Cooperative recognized pension expense of \$234,478 or its proportionate share of General Employees Plan's pension expense. In addition, the Cooperative recognized an additional \$4,820 as pension expense (and grant revenue) for its proportionate share of the State of Minnesota's contribution of \$16 million to the General Employees Fund.

At June 30, 2023 the Cooperative reported its proportionate share of General Employees Plan's deferred outflows of resources and deferred inflows of resources, related to pensions from the following sources:

	(Deferred Dutflows Resources	1	eferred nflows Resources
Differences Between Expected and				
Actual Economic Experience	\$	9,196	\$	10,716
Changes in Actuarial Assumptions		221,338		5,283
Net Difference Between Projected and				
Actual Earnings on Plan Investments		75,068		-
Changes in Proportion		-		15,509
Contributions to GERF Subsequent				
to the Measurement Date		90,775		
Total	<u>\$</u>	396,377	\$	31,508

Faribault, Minnesota Notes to the Cooperative Financial Statements June 30, 2023

Note 4: Defined Benefit Pension Plans - Statewide (Continued)

The \$90,775 reported as deferred outflows of resources related to pensions resulting from the Cooperative's contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2024. Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

2024	\$ 86,496
2025	106,980
2026	(18,943)
2027	99,561

5. Long-Term Expected Return on Investment

The State Board of Investment, which manages the investments of PERA, prepares an analysis of the reasonableness on a regular basis of the long-term expected rate of return using a building-block method in which best-estimate ranges of expected future rates of return are developed for each major asset class. These ranges are combined to produce an expected long-term rate of return by weighting the expected future rates of return by the target asset allocation percentages.

The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Long-term Expected Real Rate of Return
Domestic Equity	33.50 %	5.10 %
Private Markets	25.00	5.90
Fixed Income	25.00	0.75
International Equity	16.50_	5.30
Total	100.00 %	

6. Actuarial Assumptions

The total pension liability in the June 30, 2022, actuarial valuation was determined using an individual entry-age normal actuarial cost method. The long-term rate of return on pension plan investments used in the determination of the total liability is 6.5 percent. This assumption is based on a review of inflation and investments return assumptions from a number of national investment consulting firms. The review provided a range of return investment return rates deemed to be reasonable by the actuary. An investment return of 6.5 percent was deemed to be within that range of reasonableness for financial reporting purposes.

Inflation is assumed to be 2.25 percent for the General Employees Plan. Benefit increases after retirement are assumed to be 1.25 percent for the General Employees Plan.

Salary growth assumptions in the General Employees Plan range in annual increments from 10.25 percent after one year of service to 3.0 percent after 27 years of service.

Mortality rates for the General Employees Plan are based on the Pub-2010 General Employee Mortality Table. The table is adjusted slightly to fit PERA's experience.

Cannon Valley Special Education Cooperative Faribault, Minnesota

Notes to the Cooperative Financial Statements June 30, 2023

Note 4: Defined Benefit Pension Plans - Statewide (Continued)

Actuarial assumptions used in the June 30, 2022 valuation were based on the results of actuarial experience studies. The most recent four-year experience study in the General Employees Plan was completed in 2019. The assumption changes were adopted by the Board and become effective with the July 1, 2020 actuarial valuation.

The following changes in actuarial assumptions and plan provisions occurred in 2022:

General Employees Fund

Changes in Actuarial Assumptions

The mortality improvement scale was changed from Scale MP-2020 to Scale MP-2021.

Changes in Plan Provisions

• There were no changes in plan provisions since the previous valuation.

7. Discount Rate

The discount rate used to measure the total pension liability was 6.50 percent. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and employers will be made at rates set in Minnesota Statutes. Based on these assumptions, the fiduciary net position of the General Employees Fund was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

8. Pension Liability Sensitivity

The following presents the Cooperative's proportionate share of the net pension liability for all plans it participates in, calculated using the discount rate disclosed in the preceding paragraph, as well as what the Cooperative's proportionate share of the net pension liability would be if it were calculated using a discount rate one percentage point lower or one percentage point higher than the current discount rate:

Cooperative's Proportionate Share of NPL

	1 Percent			1 F	Percent
Dec	rease (5.50%)	Cur	rent (6.50%)	Increa	se (7.50%)
Ś	1.738.905	Ś	1.100.885	Ś	577.609

9. Pension Plan Fiduciary Net Position

Detailed information about each pension plan's fiduciary net position is available in a separately issued PERA financial report that includes financial statements and required supplementary information. That report may be obtained on the Internet at www.mnpera.org.

Faribault, Minnesota Notes to the Cooperative Financial Statements June 30, 2023

Note 5: Other Information

A. Risk Management

The Cooperative is exposed to various risks of loss related to torts: theft or, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters for which the Cooperative carries commercial insurance. Settled claims have not exceeded this commercial coverage in any of the past three fiscal years.

Liabilities are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Liabilities, if any, include an amount for claims that have been incurred but not reported (IBNRs). The Cooperative's management is not aware of any incurred but not reported claims.

Note 6: Postemployment Benefits Other Than Pensions

A. Plan Description

The Cooperative operates a single-employer retiree benefit plan ("the Plan") that provides health, life and dental insurance to eligible employees and their families through the Cooperative's health insurance plan. The full cost of the benefits is covered by the plan. Benefit and eligibility provisions are established through negotiations between the Cooperative and various unions representing Cooperative employees and are renegotiated at various times. The Plan does not issue a publicly available report.

At June 30, 2023, the following employees were covered by the benefit terms:

Active Plan Members 78

B. Funding Policy

Contribution requirements are also negotiated between the Cooperative and union representatives. The Cooperative contributes various amounts based on contracts in effect at retirement for eligible retired plan members. During the year the Cooperative had implicit contributions in the amount of \$2,309 There were no direct contributions made to the plan during the year.

C. Actuarial Methods and Assumptions

The Cooperative's total OPEB liability of \$119,567 was measured as of July 1, 2022, and the total OPEB liability was determined by an actuarial valuation as of July 1, 2021. Roll forward procedures were used to roll forward the total OPEB liability to the measurement date and the Plan's fiscal year end.

The total OPEB liability in the July 1, 2022 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Discount Rate

2.10%

20-Year Municipal Bond Yield

Inflation Rate

2.00%

Medical Trend Rate

Dental Trend Rate

2.10%

6.25% as of July 1, 2022 grading to 5.00% over 5 years and then to 4.00% over the next 53 years

N/A

Note 6: Postemployment Benefits Other Than Pensions (Continued)

The discount rate used to measure the total OPEB liability was 2.10 percent. Assets were projected using expected benefit payments and expected asset returns. Expected benefit payments by year were discounted using the expected asset return assumption for years in which the assets were sufficient to pay all benefit payments. Any remaining benefit payments after the trust fund is exhausted are discounted at the 20-year municipal bond rate. The equivalent single rate is the discount rate.

Mortality rates were based on the Pub-2010 Public Retirement Plans Headcount-Weighted Mortality Tables (General, Teachers) with MP-2018 Generational Improvement Scale to the Pub-2010 Public Retirement Plans Headcount-Weighted Mortality Tables (General, Teachers) with MP-2020 Generational Improvement Scale.

The actuarial assumptions used in the July 1, 2022 valuation were based on input from a variety of published sources of historical and projected future financial data. Each assumption was reviewed for reasonableness with the source information as well as for consistency with the other economic assumptions.

D. Changes in the Total OPEB Liability

	Total OPEB Liability (a)
Balance at June 30, 2022 Changes for the Year:	\$ 82,428
Service Cost	35,145
Interest	2,464
Benefit Payments	(470)
Net Changes	37,139
Balance at June 30, 2023	\$ 119,567

Since the prior measurement date, the following assumptions changed:

No changes noted.

Since the prior measurement date, the following benefit terms changed:

No changes noted.

Note 6: Postemployment Benefits Other Than Pensions (Continued)

E. Sensitivity of the Total OPEB Liability

The following presents the total OPEB liability of the Cooperative, as well as what the Cooperative's total OPEB liability would be if it were calculated using a discount rate that is 1-percentage point lower (2.10 percent) or 1-percentage-point higher (4.10 percent) than the current discount rate:

1 Percent				1 Percent			
Decrease (1.10%)		Curre	ent (2.10%)	Increa	ase (3.10%)		
\$	129,669	\$	119,567	\$	110,109		

The following presents the total OPEB liability of the Cooperative, as well as what the Cooperative's total OPEB liability would be if it were calculated using a Healthcare Cost Trend Rate that is 1-percentage point lower (5.25 percent decreasing to 4.00 percent) or 1-percentage-point higher (7.25 percent decreasing to 6.00 percent) than the current Healthcare Cost Trend Rate:

4.5			thcare Cost	1.5	
1 Perc	ent Decrease	l re	end Rates	1 Perc	ent Increase
`	% Decreasing	,	% Decreasing	•	6 Decreasing
	o 4.00%)		5.00%)		6.00%)
\$	100,975	\$	119,567	\$	142,932

F. OPEB Expense

For the year ended June 30, 2023, the Cooperative recognized OPEB expense of \$24,752. At June 30, 2023, the Cooperative reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	d Outflows sources	red Inflows Resources
Differences between expected and	 	
actual experience	\$ -	\$ 54,588
Changes in actuarial assumptions	6,025	6,190
Contributions Subsequent to the Measurement Date	 2,309	
Total	\$ 8,334	\$ 60,778

Note 6: Postemployment Benefits Other Than Pensions (Continued)

Deferred outflows of resources totaling \$2,309 related to OPEB resulting from the Cooperative's contributions to the plan subsequent to the measurement date will be recognized as a reduction of the OPEB liability in the year ended June 30, 2024. Other amounts reported as deferred outflows and inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year ended June 30:	
2024	\$ 10,549
2025	10,549
2026	10,549
2027	10,549
2028	6,282
Thereafter	6,275

Note 7: Defined Contribution Plan

The Cooperative provides eligible employees future retirement benefits through the Cooperative's 403(b) Plan (the Plan). Employees of the Cooperative are eligible to participate in the Plan commencing on the date of their employment. Eligible employees may elect to have a percentage of their pay contributed to the Plan. Some employees are eligible to receive a Cooperative match of employee contributions up to the qualifying amounts set forth by the Governing Board. Contributions are invested in tax deferred annuities selected and owned by Plan participants. The Cooperative contributions for the year ended June 30, 2023 was \$25,925. The employee contributions was \$50,758 for the year ended June 30, 2023.

Note 8: Flexible Benefit Plan

The Cooperative has a flexible benefit plan that is classified as a "cafeteria plan" under Section 125 of the Internal Revenue Code. All employee groups of the Cooperative are eligible if and when the collective bargaining agreement or contract with their group allows eligibility. Eligible employees can elect to participate by contributing pre-tax dollars withheld from payroll checks to the plan for health care and dependent care benefits.

Before the beginning of the plan year, which is from July 1 to June 30, each participant designates a total amount of pretax dollars to be contributed to the plan during the year. At June 30, the Cooperative is contingently liable for claims against the total amount of participants' annual contributions for the health care portion of the plan, whether or not such contributions have been made.

Payments of health insurance premiums are made by the Cooperative directly to the designated insurance companies. These payments are made on a monthly basis and are accounted for in the General Fund.

Payments for amounts withheld for medical reimbursement and dependent care are made to participating employees upon submitting a request for reimbursement of eligible expenses.

All plan property and income attributable to that property is solely the property of the Cooperative, subject to the claims of the Cooperative's general creditors. Participants' rights under the plan are equal to those of general creditors of the Cooperative in an amount equal to eligible health care and dependent care expenses incurred by the participants. The Cooperative believes that it is unlikely that it will use the assets to satisfy the claims of general creditors in the future.

Note 9: Commitments

State Programs

The Cooperative has Amounts received or receivable from state agencies are subject to agency audit and adjustment. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable fund. The amount, if any, of funds which may be disallowed by the agencies cannot be determined at this time although the Cooperative expects such amounts, if any, to be immaterial.

Faribault, Minnesota Required Supplementary Information (Continued) For the Year Ended June 30, 2023

Notes to the Required Supplementary Information - TRA

Changes in Actuarial Assumptions

2022 - No changes noted.

2021 - The investment return assumption was changed from 7.50 percent to 7.00 percent

2020 - Assumed termination rates were changed to more closely reflect actual experience. The pre-retirement mortality assumption was changed to RP-2014 white collar employee table, male rates set back five years and female rates set back seven years. Generational projection uses the MP-2015 scale. Assumed form of annuity election proportions were changed to more closely reflect actual experience for female retirees.

2019 - No changes noted.

2018 - The mortality projection scale was changed from MP-2015 to MP-2017. The assumed benefit increase was changed from 1.00 percent per year through 2044 and 2.50 percent per year thereafter to 1.25 percent per year.

Changes in Plan Provisions

2022 - No changes noted.

2021 - No changes noted.

2020 - No changes noted.

2019 - No changes noted.

2018 - The 2018 Omnibus Pension Bill contained a number of changes:

- The COLA was reduced from 2.0 percent each January 1 to 1.0 percent, effective January 1, 2019. Beginning January 1, 2024, the COLA will increase 0.1 percent each year until reaching the ultimate rate of 1.5 percent in January 1, 2028.
- Beginning July 1, 2024, eligibility for the first COLA changes to normal retirement age (age 65 to 66, depending on date of birth). However, members who retire under Rule of 90 and members who are at least age 62 with 30 years of service credit are exempt.
- The COLA trigger provision, which would have increased the COLA to 2.5 percent if the funded ratio was at least 90 percent for two consecutive years, was eliminated.
- Augmentation in the early retirement reduction factors is phased out over a five-year period beginning
 July 1, 2019 and ending June 30, 2024 (this reduces early retirement benefits). Members who retire and are at
 least age 62 with 30 years of service are exempt.
- Augmentation on deferred benefits will be reduced to zero percent beginning July 1, 2019. Interest payable on refunds to members was reduced from 4.0 percent to 3.0 percent, effective July 1, 2018. Interest due on payments and purchases from members, employers is reduced from 8.5 percent to 7.5 percent, effective July 1, 2018.
- The employer contribution rate is increased each July 1 over the next 6 years (7.71 percent in 2018, 7.92 percent in 2019, 8.13 percent in 2020, 8.34 percent in 2021, 8.55 percent in 2022, 8.75 percent in 2023). In addition, the employee contribution rate will increase from 7.50 percent to 7.75 percent on July 1, 2023. The state provides funding for the higher employer contribution rate through an adjustment in the school aid formula.

Faribault, Minnesota Required Supplementary Information (Continued) For the Year Ended June 30, 2023

Notes to the Required Supplementary Information - PERA

Changes in Actuarial Assumptions

- 2022 The mortality improvement scale was changed from Scale MP-2020 to Scale MP-2021.
- 2021- The investment return and single discount rates were changed from 7.50 percent to 6.50 percent, for financial reporting purposes. The mortality improvement scale was changed from Scale MP-2019 to Scale MP-2020.
- 2020 The price inflation assumption was decreased from 2.50% to 2.25%. The payroll growth assumption was decreased from 3.25% to 3.00%. Assumed salary increase rates were changed as recommended in the June 30, 2019 experience study. The net effect is assumed rates that average 0.25% less than previous rates. Assumed rates of retirement were changed as recommended in the June 30, 2019 experience study. The changes result in more unreduced (normal) retirements and slightly fewer Rule of 90 and early retirements. Assumed rates of termination were changed as recommended in the June 30, 2019 experience study. The new rates are based on service and are generally lower than the previous rates for years 2-5 and slightly higher thereafter. Assumed rates of disability were changed as recommended in the June 30, 2019 experience study. The change results in fewer predicted disability retirements for males and females. The base mortality table for healthy annuitants and employees was changed from the RP-2014 table to the Pub-2010 General Mortality table, with adjustments. The base mortality table for disabled annuitants was changed from the RP-2014 disabled annuitant mortality table to the PUB-2010 General/Teacher disabled annuitant mortality table, with adjustments. The mortality improvement scale was changed from Scale MP-2018 to Scale MP-2019. The assumed spouse age difference was changed from two years older for females to one year older. The assumed number of married male new retirees electing the 100% Joint & Survivor option changed from 35% to 45%. The assumed number of married female new retirees electing the 100% Joint & Survivor option changed from 15% to 30%. The corresponding number of married new retirees electing the Life annuity option was adjusted accordingly.
- 2019 The mortality projection scale was changed from MP-2017 to MP-2018.
- 2018 The mortality projection scale was changed from MP-2015 to MP-2017. The assumed benefit increase was changed from 1.00 percent per year through 2044 and 2.50 percent per year thereafter to 1.25 percent per year.

Changes in Plan Provisions

- 2022 There were no changes in plan provisions since the previous valuation.
- 2021 There were no changes in plan provisions since the previous valuation.
- 2020 Augmentation for current privatized members was reduced to 2.0% for the period July 1, 2020 through December 31, 2023 and 0.0% after. Augmentation was eliminated for privatizations occurring after June 30, 2020.
- 2019 The employer supplemental contribution was changed prospectively, decreasing from \$31.0 million to \$21.0 million per year. The state's special funding contribution was changed prospectively, requiring \$16.0 million due per year through 2031.
- 2018 The augmentation adjustment in early retirement factors is eliminated over a five-year period starting July 1, 2019, resulting in actuarial equivalence after June 30, 2024. Interest credited on member contributions decreased from 4.00 percent to 3.00 percent, beginning July 1, 2018. Deferred augmentation was changed to 0.00 percent, effective January 1, 2019. Augmentation that has already accrued for deferred members will still apply. Contribution stabilizer provisions were repealed. Postretirement benefit increases were changed from 1.00 percent per year with a provision to increase to 2.50 percent upon attainment of 90.00 percent funding ratio to 50.00 percent of the Social Security Cost of Living Adjustment, not less than 1.00 percent and not more than 1.50 percent, beginning January 1, 2019. For retirements on or after January 1, 2024, the first benefit increase is delayed until the retiree reaches normal retirement age; does not apply to Rule of 90 retirees, disability benefit recipients, or survivors. Actuarial equivalent factors were updated to reflect revised mortality and interest assumptions.

Changes in Actuarial Assumptions

2022 - None

2022 - The health care trend rates were changed to better anticipate short term and long term medical increases. The mortality tables were updated from the Pub-2010 Public Retirement Plans Headcount-Weighted Mortality Tables (General, Teachers) with MP-2018 Generational Improvement Scale to the Pub-2010 Public Retirement Plans Headcount-Weighted Mortality Tables (General, Teachers) with MP-2020 Generational Improvement Scale. The salary increase rates for non-teachers were updated to reflect the latest experience study. The withdrawal rates were updated to reflect the latest experience study. The inflation rate was changed from 2.50% to 2.00%. The discount rate was changed from 3.10% to 2.10%. These changes increased the liability \$8,035.

2021 - The health care trend rates were changed to better anticipate short term and long term medical increases.

2020 - None

2019 - The health care trend rates were changed to better anticipate short term and long term medical increases. The mortality tables were updated from the RP-2014 White Collar Mortality Tables with MP-2016 Generational Improvement Scale to the Pub-2010 Public Retirement Plans headcount-Weighted Mortality Tables (General, Teachers) with MP-2018 Generational Improvement Scale. The salary increase rates were changed from a flat 33.00% per year for all employees to rates which vary by service and contract group. The Discount rate was changed from 3.40% to 3.10%.

2018 - Not applicable. This was the first actuarial valuation completed for the Cooperative.

Faribault, Minnesota
Required Supplementary Information (Continued)
For the Year Ended June 30, 2023

Notes to the Required Supplementary Information - OPEB (Continued)

<u>Changes in Benefits</u>	
2023 - None	
2022 - None	
2021 - None	
2020 - None	

2019 - The subsidized post-employment benefit for nonunion administrators was replaced with a defined contribution benefit (not valued under GASB 75). The years of service required to be eligible for a benefit (implicit rate subsidy) for non-TRA employees was increased from three years to five years.

2018 – Not applicable. This was the first actuarial valuation completed for the Cooperative.

INDEPENDENT AUDITOR'S REPORT ON MINNESOTA LEGAL COMPLIANCE

Members of the Administrative Board Cannon Valley Special Education Cooperative Faribault, Minnesota

We have audited, in accordance with auditing standards generally accepted in the United States of America, and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States the financial statements of the governmental activities and the major fund of the Cannon Valley Special Education Cooperative, Faribault, Minnesota (the Cooperative) as of and for the year ended June 30, 2023, and the related notes to the financial statements which collectively compromise the Cooperatives basic financial statements, and have issued our report thereon dated December 5, 2023.

In connection with our audit, nothing came to our attention that caused us to believe that the Cooperative failed to comply with the provisions of the contracting and bidding, deposits and investments, conflicts of interest, public indebtedness, claims and disbursements, and miscellaneous provisions sections of the *Minnesota Legal Compliance Audit Guide for School Districts*, promulgated by the State Auditor pursuant to Minn. Stat. § 6.65, insofar as they relate to accounting matters. However, our audit was not directed primarily toward obtaining knowledge of such noncompliance. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding the Cooperative's noncompliance with the above referenced provisions, insofar as they relate to accounting matters.

The purpose of this report is solely to describe the scope of our testing of compliance and the results of that testing, and not to provide an opinion on compliance. Accordingly, this communication is not suitable for any other purpose.

Mankato, Minnesota December 5, 2023

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Members of the Administrative Board Cannon Valley Special Education Cooperative Faribault, Minnesota

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and the major fund of the Cannon Valley Special Education Cooperative, Faribault, Minnesota, (the Cooperative) as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the Cooperative's basic financial statements, and have issued our report thereon dated December 5, 2023.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Cooperative's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Cooperative's internal control. Accordingly, we do not express an opinion on the effectiveness of the Cooperative's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified. We did identify certain deficiencies in internal control, described in the accompanying Findings and Responses as items 2023-001 and 2023-002 that we consider to be significant deficiencies.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Cooperative's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. While our audit provides a reasonable basis for our opinion, it does not provide a legal determination on the Cooperative's compliance with those requirements. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* or statutes set forth by the State of Minnesota.

The Cooperative's Response to Findings

Government Auditing Standards requires the auditor to perform limited procedures on the Cooperative's responses to the findings identified in our audit and described in the accompanying schedule of findings and responses. The Cooperative's responses was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the responses.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Cooperative's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Cooperative's internal control and compliance. Accordingly, this communication not suitable for any other purpose.

Abdo

Mankato, Minnesota December 5, 2023

Cannon Valley Special Education Cooperative

Faribault, Minnesota Schedule of Findings and Responses For the Year Ended June 30, 2023

<u>Finding</u> <u>Description</u>

2023-001 Segregation of Duties

Condition: During our audit we reviewed internal control procedures and found the Cooperative to have

limited segregation of duties in the areas as noted below.

Criteria: There are four general categories of duties: authorization, custody, record keeping and

reconciliation. In an ideal system, different employees perform each of these four major functions. In other words, no one person has control of two or more of these responsibilities.

Effect: The effectiveness of the internal control system relies on enforcement by management. The

effect of deficiencies in segregation of duties and internal controls can result in undetected

errors or misappropriation of assets of the Cooperative.

Internal Control Over Cash Receipts

Cause: As a result of the small staff, the Finance and Payroll Coordinator sets up and maintains

customers, posts to the general ledger, prepares deposits, takes deposits to the bank, generates billing statements, and maintains receipts and accounts receivables. The Executive Assistant

opens mail.

Recommendation: While we recognize staff is not large enough to eliminate this deficiency, it is important that the

Board is aware of this condition and monitor all financial information.

Internal Control Over Cash Disbursements

Cause: As a result of the small staff, the Finance and Payroll Coordinator maintains and controls checks,

matches invoices to purchase orders, maintains and posts to the general ledger, prepares checks and maintains purchase journal and accounts payable records. The Executive Assistant sets up

and maintains vendors and opens mail.

Recommendation: While we recognize staff is not large enough to eliminate this deficiency, it is important that the

Board is aware of this condition and monitor all financial information.

Internal Control Over Payroll

Cause: As a result of the small staff, the Finance and Payroll Coordinator sets up and maintains

employee records, runs payroll, maintains and posts to the general ledger, initiates payroll transfers for direct deposit, reconciles bank accounts and prepares payroll tax returns.

Recommendation: While we recognize staff is not large enough to eliminate this deficiency, it is important that the

Board is aware of this condition and monitor all financial information.

Management Response:

The Cooperative is aware of the limited segregation of duties and will continue to review internal controls and make changes when they are feasible.

Cannon Valley Special Education Cooperative

Faribault, Minnesota

Schedule of Findings and Responses (Continued) For the Year Ended June 30, 2023

Finding Description

2023-002 Financial Report Preparation

Condition: We were requested to draft the audited financial statements and related footnote disclosures as

part of our regular audit services. Recent auditing standards require auditors to communicate this

situation to the Board as an internal control deficiency. Ultimately, it is management's responsibility to provide for the preparation of your statements and footnotes, and the

responsibility of the auditor to determine the fairness of presentation of those statements. From a practical standpoint we do both for you at the same time in connection with our audit. This is not unusual for us to do with organizations of your size. However, based on recent auditing standards, it is our responsibility to inform you that this deficiency could result in a material misstatement to the financial statements that could have been prevented or detected by your

management. Essentially, the auditors cannot be part of your internal control process.

Criteria: Internal controls should be in place to provide reasonable assurance over financial reporting.

Cause: From a practical standpoint we do both for you at the same time in connection with our audit.

This is not unusual for us to do with organization of your size.

Effect: The effectiveness of the internal control system relies on enforcement by management. The

effect of deficiencies in internal controls can result in undetected errors in financial reporting.

Recommendation: It is your responsibility to make the ultimate decision to accept this degree of risk associated with

this condition because of cost or other considerations. We have instructed management to review a draft of the auditor prepared financials in detail for their accuracy; we have answered any questions they might have, and have encouraged research of any accounting guidance in connection with the adequacy and appropriateness of classification of disclosure in your statements. We are satisfied that the appropriate steps have been taken to provide you with the completed financial statements. While the Cooperative is reviewing the financial statements we recommend a disclosure checklist is utilized to ensure all required disclosures are presented and

the Cooperative should agree its financial software to the numbers reported in the financial

statements.

Management Response:

Management is aware of the control deficiency, which is an unavoidable consequence of the financial restrictions of small cooperatives. Each year, the Cooperative has a presentation from our auditor to the Board of Education after the audit is performed. Management recognizes that it is not economically feasible to fully correct this finding; it is aware of the deficiency and is relying on oversight of management and Board to monitor the deficiency.

128 8th Ave NW, Faribault, MN 55021 Phone: 507.209.2030 Fax; 507.209.1802 www.cannonvalleyspecialed.org

Corrective Action Plan (CAP):

2023-001 Segregation of Duties

1. Explanation of Disagreement with Audit Finding

There is no disagreement with the audit finding.

2. Actions Planned in Response to Finding

The Cooperative is aware of the limited segregation of duties and will continue to review internal controls and make changes when they can be made.

3. Official Responsible for Ensuring CAP

Sarah McGuire, Executive Director, is the official responsible for ensuring continued implementation of certain control measures.

4. Planned Completion Date for CAP

Continuous.

5. Plan to Monitor Completion of CAP

The Cannon Valley Special Education Board will be monitoring this corrective action plan.

Sincerely,

Executive Director

128 8th Ave NW, Faribault, MN 55021 Phone: 507.209.2030 Fax; 507.209.1802 www.cannonvalleyspecialed.org

Corrective Action Plan (CAP):

2023-002 Financial Report Preparation

1. Explanation of Disagreement with Audit Finding

There is no disagreement with the audit finding.

2. Actions Planned in Response to Finding

The Cooperative will continue to have the auditor prepare the financial statements and will continue to have the board review the financial statements. The Cooperative is aware of the deficiency and is relying on oversight of management and Board to monitor the deficiency.

3. Official Responsible for Ensuring CAP

Sarah McGuire, Executive Director, is the official responsible for ensuring corrective action plan.

4. Planned Completion Date for CAP

Continuous.

5. Plan to Monitor Completion of CAP

The Cannon Valley Special Education Board will be monitoring this corrective action plan.

Sincerely,

Executive Director
