Spring Branch ISD FY2026 Official Budget

The Texas Education Code requires that every local education agency in Texas prepare and file a budget of anticipated revenues and expenditures with the Texas Education Agency. The State Board of Education requires that the budget be prepared no later than June 19 and adopted by June 30 by the Board of Trustees. The Superintendent is designated as the District's budget officer and is responsible for calling a Board meeting to adopt the official budget.

The attached budget is based on the guidelines as outlined in the Texas Education Code and Texas Education Agency Financial Accounting Guide. The budget includes total revenues of \$499,510,006, net of local revenue in excess of entitlement (recapture), total expenditures, excluding recapture, of \$527,541,741 and other financing sources of \$80,000. The budget consists of three fund types: General Fund, School Nutrition Fund, and Debt Service Fund.

The General Fund budget includes revenues, net of recapture, of \$344,779,006, expenditures, excluding recapture, of \$370,121,793, and other financing sources of \$50,000. Revenues are composed of local revenues, including property taxes, net of recapture (83.61%), revenues received from the state (14.22%), and federal revenues (2.17%). Tax revenues are based on the proposed Maintenance and Operations tax rate of \$0.7187 and taxable value of \$44.6 billion. State revenues are based on a projected enrollment of 32,883 students. Major expenditure categories include payroll, contracted services, supplies, other operating, and capital. Payroll at 85.10% is the largest expenditure category. Expenditures exceed revenues and other financing sources resulting in a projected decrease in fund balance of \$25,292,787.

The School Nutrition budget consists of anticipated revenues and expenditures pertaining to the District's food services operations. School Nutrition revenues, expenditures, and other financing sources are projected to be \$19,950,000, \$23,121,900, and \$30,000 respectively, resulting in a projected decrease in fund balance of \$3,141,900.

The Debt Service expenditure budget is \$134,298,048 and is used to account for payment of principal and interest on the District's long-term debt. Total revenue is \$134,781,000 with the primary revenue source being local property taxes of \$128,581,000 based on the proposed Debt Service tax rate of \$0.3045. State funding of \$6,200,000 is budgeted as Additional State Aid for Homestead Exemption (ASAHE). Fund Balance is projected to increase \$482,952.

It is the intent of the District that the budgetary process results in the most effective mix of educational and financial resources available while attaining the goals and objectives of the

District. This includes the identification and prioritization of both educational and educational support components. The superintendent's priorities are as follows: Literacy, Numeracy, Student Support, Safety and Security, English Learners and CTE Programming.

This priority budgeting approach allows the District to establish layers of expenditures that can be matched to the anticipated revenues and desired levels of fund balances. The ultimate decision of the level of funding and components to be funded is the responsibility of the Board.

As part of the budget development process, the District's management has taken into consideration all the factors that drive school district budgets: enrollment, compensation plan, facility needs, property values, state funding, and the local economy. The budget may be amended during the year to address the unanticipated or changing needs of the District. The District provides budget reports to the Board monthly for their approval of changes to revenue, expenditures and other financing sources (uses).

Spring Branch ISD is projecting enrollment at 32,883, which is a slight increase from the previous year. The District has also experienced growth in property values over the past five years with assessed values increasing an average of 4.4% annually. The 2025-26 values are budgeted at a 4.5% taxable value growth based on value information received from the Harris Central Appraisal District at the time of budget adoption.

The public education bill, House Bill 2, was signed into law by the governor on June 4, 2025. Currently, the Texas Education Agency is preparing guidance on the implementation of this bill. The district will adjust both revenues and expenditures, including compensation increases, once the effect of the various bill elements are finalized. This bill provides \$8.5 billion in new public education funding, largely targeted with required spending. The following is included in the bill:

- 1) Raises for teachers based on years of experience
 - a. \$2,500 - 3/4 year teachers; \$5,000 - 5+ year teachers
- 2) Allotment for other staff raises excluding administrators
 - a. \$45 per regular program ADA – excludes ADA for CTE/Special Ed
- 3) Basic Allotment increase of \$55
 - a. Freeze on guaranteed yield on golden pennies
- 4) Allotment for basic costs
 - a. \$106 per enrolled student to help with certain fixed costs
- 5) Overhaul of special education funding formula
 - a. Change to intensity formula versus the current FTE formula will occur in 26/27

- b. A new \$1,000 initial evaluation allotment will occur in 25/26
- 6) School safety allotment increase
 - a. From \$10 to \$20 per ADA and from \$15,000 to \$33,540 per campus
- 7) Adjustments to early education allotment to account for second half of day for PK

There were also two property taxation bills that passed which will require passage of resolutions on the November 2025 ballot. These bills will affect the taxable property values that are used to determine state funding for both the general fund and debt service funds, along with a direct effect on the calculation of the required recapture. These bills are as follows:

- 1) Senate Bill 4
 - a. Changes the state homestead exemption from \$100,000 to \$140,000
- 2) Senate Bill 23
 - a. Changes the state homestead exemption for >65/disabled from \$10,000 to \$60,000

The District's bonds are rated AAA by Standard & Poor's Ratings (S&P) and Aaa by Moody's Investors Service (Moody's) based on the guarantee of the Permanent School Fund of the State of Texas. The District's underlying ratings are AA by S&P and Aa1 by Moody's.

For the twenty third consecutive year, the District scored the highest possible rating of "Superior Achievement" for the Schools FIRST (Financial Integrity Rating System of Texas), a financial accountability system for Texas School Districts developed by the Texas Education Agency in response to Senate Bill 875 of the 76th Texas Legislature in 1999. The primary goal of Schools FIRST is to ensure quality performance in the management of school Districts' financial resources, a goal made more significant due to the complexity of accounting associated with the Texas school finance system.

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the District for its Annual Comprehensive Financial Report (ACFR) for the fiscal year ended June 30, 2024. To be awarded a Certificate of Achievement, a governmental unit must publish an easily readable and efficiently organized Annual Comprehensive Financial Report. The report must satisfy both accounting principles generally accepted in the United States of America and applicable legal requirements. The District plans to submit the June 30, 2025, ACFR for evaluation under this program.

This budget narrative is designed to provide our citizens, taxpayers, customers, investors, and creditors with a general overview of the District's finances. Questions concerning any of the information provided in this report or requests for additional information should be addressed to the Associate Superintendent for Finance, Spring Branch I.S.D., 955 Campbell Rd, Houston, TX 77024.
