What has changed?

1. Definition of **“Up to Date”** for vaccinations (communication will go out to all staff/families **today**)

Takes effect 1/18/22

Vaccination Status	Definition (will be updated as info is released) No waiting period after booster
Up to Date	<p>Staff:</p> <ul style="list-style-type: none"> • Boosted • Completed both shots of Pfizer or Moderna within the last 5 months • Completed the shot of J&J within the last 2 months <p>Students age 5 years or older:</p> <ul style="list-style-type: none"> • Completed both shots of Pfizer or Moderna (no time frame) • Completed the shot of J&J (no time frame)
Not Up to Date	<p>Anyone:</p> <ul style="list-style-type: none"> • Unvaccinated • Has only received the 1st shot of Pfizer or Moderna <p>Staff:</p> <ul style="list-style-type: none"> • Completed both shots of Pfizer or Moderna more than 5 months ago with no booster • Completed the shot of J&J more than 2 months with no booster

2. Contact tracing rules **Takes effect 1/18/22**

- a. Inside the building - only contact tracing if either party was unmasked, within 6', cumulative 15+ minutes.
- b. Most likely will only apply to:
 - i. Unmasked while eating
 - ii. Unmasked while waiting in line in cafeteria
 - iii. Unmasked during extracurricular activities (band, choir, welding etc)

3. Definition of an inside exposure

- a. **Any individual unmasked within 6 ft for 15 or more minutes, indoor within a 24 hour period of time**

4. For positive staff and students who have been exposed (including off-campus exposures), 5 day quarantine (**STAFF 5 day quarantine starts 1/18/22, STUDENT 5 day quarantine starts with any case 1/21 onward**)

- a. A staff who tests positive or has been exposed can return on the 6th day IF they feel better, symptoms improving, and have been fever free for 24 hours.

- b. Upon return for days 6-10, staff must wear a mask at all times (including recess duty), and eat in isolation away from anyone else.
- c. If the staff member is not able to wear a mask at all times or eat in isolation, they must stay in quarantine for the full 10 days.

Things to think about...

When **positive** students return early, they must do the following for days 6-10: wear a mask at all times (including extra curricular!) and eat at least 6' away from others.

- When are students unmasked in your building?
- a. PE?
 - b. Walking to lunch?
 - c. Standing in line at lunch?
 - d. Eat at least 6' away from another individual
 - e. Band/Choir?
 - f. Recess?
 - g. Extra curricular activities?

THIS IS NOT A MANDATE - IT IS AN OPTION!

Team input / questions / concerns:

Questions?

How effective is our checking in? Considering we have the lowest infection rate - pretty good!!
Not using lockers is great - may not use lockers anymore.

Notes: Basketball floor - any chance of replacing - \$350 - \$500,000 - due to change in height of floor, doors, ADA, etc - cost prohibitive.

We will never go back to an 8th grade graduation. It was bigger than at the high school - celebrating kids who never passed a class in school - sends the wrong message - this is the end of the education journey.
