

# Executive Summary

## Prepared for Board of Trustees Meeting

### May 10, 2011

## Student Transfer FDA (Local) Exhibit

---

### Board Goal:

#### **Growth & Change...In pursuit of excellence, the district will:**

- review and adjust policies and procedures effectively to address the challenges of rapid growth and changing demographic characteristics while maintaining and enhancing our strong sense of community

### Purpose of Report

The purpose of his report is to provide the DISD Board of Trustees with a comprehensive modified out-of-district transfer request application. Traditionally, students/parents requesting to transfer into DISD from outside of the boundaries of DISD have completed a different application based upon their specific reasons for application (those applications are included). The attached modified application eliminates the need for multiple applications by creating a comprehensive application allowing users to select their reason for request from a menu of items, rather than using different applications.

### Objectives

- To provide a more efficient means of processing out-of-district requests

### Operational Impact

The use of the redesigned, modified application will provide for more efficiencies and a better line of communication among students/parents and the DISD.

### Results

Enhanced efficiency and communication among district stakeholders

### Other Options

Continue to use existing applications.

Make additional changes to the attached modified application
