A Busy Month in Mrs. Spaulding's Class...

Students from Mrs. Spaulding's class recently visited Mr. Gordon's Transitional Class to see the DHS Shredders program in action! Throughout the school year, Mrs. Spaulding's students have worked hard collecting recycling from classrooms around Jefferson. After Jefferson students bag the recycling, it is sent to DHS, where students in the Shredders program use it as part of their daily work and learning experiences.

It was such a meaningful experience for our students to see how their hard work helps support another group of learners in our district. We are so proud of this partnership between Jefferson and DHS and the teamwork, responsibility, and community spirit it encourages in our students!

Mrs. Spaulding's class and several other students attended the Polo Field day held at Polo High School. Students enjoyed a variety of fun outdoor activities, games, and friendly competitions. The day created lasting memories for students and staff alike. The beautiful weather, positive attitudes, and supportive community atmosphere made the event a huge success! We are grateful to Polo for inviting us to partake in such an amazing

Jefferson would like to extend a huge Thank you to Polo High School for the amazing day!

Stop by Kelli's office for a Bubbl'r of your choice!

TEACHER APPRECIATION WEEK AT JEFFERSON

It's Teacher Appreciation Week—hooray!
So swing by Kelli's office any time after 9:00 tomorrow, don't delay!
We've got a Caramel Apple Box that's sweet and fun.
With toppings galore for everyone!
Dip, drizzle, sprinkle, and stack it high.
Make your apple reach the sky!
A little treat, a happy treat,
A little moment you can take.
So come on in, don't be shy—
A caramel apple's waiting for you to try!

JEAN DAY
FOR LIFE!

JUST KIDDING...
UNTIL THE END OF
THE YEAR! X 2!

STOP BY
KELLI'S
OFFICE FOR A
BUBBLER OR
YOUR CHOICE!

MAY 3-7
2021

YOU'RE "CEREAL-
OUSLY THE BEST!"

TEACHERS, IT'S YOUR SPECIAL WEEK,
SO HERE'S A LITTLE TREAT TO SEEK—
IN KELLI'S OFFICE, DON'T DELAY.

1st grade Visits

1st graders toured Jefferson on Friday, May 4. Students toured the hallways, cafeteria, playground, gym, and all school offices. They were introduced to staff as well.

The Life Cycle in 2nd Grade:

Excitement is blooming in Mrs. Conderman's class as butterflies are beginning to emerge from their chrysalises! Students have loved observing the amazing transformation up close as part of their current Amplify unit on life cycles and embryology. The learning fun will continue next week when chicks begin hatching in the classroom! Hands-on learning experiences such as these not only support academic standards, but also foster wonder, responsibility, and enthusiasm for learning. Students have demonstrated great care and excitement throughout the process, and the classroom has been filled with meaningful conversations, questions, and discoveries each day.
