

AMS

FFA

The Aubrey FFA livestock show and sale was held on April 4th at the livestock barn. It was an exciting week of cleaning, setting up and transforming our barn for the show. Over 60 students showed and sold their animals. Our nightly live auction along with the animals sold totaled over \$40,000, however more totals will be available next month. April 7th & 8th we will be at area contest with the hopes of a state qualifying team. Officer elections and scholarship applications are fast approaching for our students and plans for State Convention in Corpus Christi is in the works. We appreciate everything the school district has done to help the FFA program have such a great year. We couldn't have done it without you! ☺

PTO

The month of March teachers treat days included morning coffee and an ice cream day. PTO will be hosting Teacher Appreciation week April 27th.

Box top collections ended on April 1st. Congratulations goes to Mrs. Merchant's class for collecting the most box tops throughout the year with a total of 1,955 box tops. Mrs. McCall's class came in second with a total of 1,337 box tops.

8th Grade Science

Mrs. Howard's classes are completing their last unit in astronomy. They are learning about stars, galaxies, and the universe.

6th Grade ELAR

Mrs. Philipp's classes are reviewing academic vocabulary, revisiting genres, going over plays and poetry. Tutorials are going well and being revisited as needed.

Library

Book fair was held March 23-27 and was a great success. Parents and students visited the book fair on March 23rd during Open House Night and bought many books. Book bloggers were excited to play on the new gaming station. If a student read three books and blogged about each book they were invited to play on the gaming station. The students had a wonderful time.
