

**Questions Submitted by Trustee Mrs. Prado
August 22, 2018 Special Called Board Meeting
Discussion and Possible Action #5**

Question: In the matter of Martinez v. SSAISD, I would like to take the opportunity to review the original grievance filed by Mr. Martinez and any other subsequent lawsuits and/or EEOC complaints filed against the school district. If there is an objection to this request, please have legal counsel respond to my request. Otherwise, I would like to review the documents on Tuesday, August 21, 2018.

Answer: Mr. Martinez did not file a grievance against the school district. He went directly to filing an EEOC complaint against the school district. After filing the EEOC complaint, Mr. Martinez also filed suit against the school district. The EEOC complaint and the lawsuit filed by Mr. Martinez are available for review by any board member in the superintendent's office and will be made available for review in executive session at the August 22 board meeting.
