

Executive Summary Facilities Committee Meeting

DATE: October 17, 2023

TOPIC: 2024 School Maintenance Project Grant Application

PREPARED BY: Courtney Whited

Recommended for:

- ☒ Action
- ☒ Discussion
- ☒ Information

Background:

The Administration began the ISBE School Maintenance Project Grant application process in an effort to secure up to \$50,000 for the Rutledge Hall Health Life Safety plumbing work cited on the Master Facilities Plan for Summer 2024.

One of the steps in this process is to assure the grant application has been authorized by the local Board of Education at a duly convened meeting, and the local Board of Education has reserved local funds in an amount equal to the School Maintenance Project Grant requested to meet the local match requirement. In addition, the District must have not obligated funds or began work on any of the projects listed. These assurances will be in the form of the Board President's signature on the District Certification and the Taxpayer Identification Number.

Fiscal Impact:

Up to \$50,000 of incoming Illinois State revenue

\$537,963 is the anticipated cost to replace worn plumbing fixtures and galvanized pipes with copper pipes in Rutledge Hall

Recommendation:

The Facilities Committee concurs with the Administration to recommend to the Board of Education to approve the District Certification form and Taxpayer Identification form in order to complete the ISBE School Maintenance Project Grant application process before the December 1, 2023 deadline.
