

Meeting Date:	August 26, 2025
Agenda Topic:	Career & Technology Education (CTE) Annual Report 2025
Type of Item:	Report
Guiding Outcome:	Excellence in Student Outcomes
Summary:	Denton ISD's Career and Technical Education (CTE) Annual Report provides an overview of student enrollment, program growth and industry certifications. Included is expansion of CTE programs of study, structured approach to outreach campaigns, and expanded opportunities for career awareness.
Background Information/ Previous Board Action:	The CTE Department provides an annual update to communicate program outcomes, student achievement, and compliance with state and federal requirements. Previous reports have shown program alignment, pathway completion, and CCMR accountability. The 2025 Annual Report continues that practice, showcasing progress made in early career awareness, industry engagement, and credential attainment.
Potential Operational Impact:	The report informs strategic planning, professional development, and program alignment. It shows areas to focus, such as maintaining student retention in pathways, strengthening industry partnerships, and supporting staff.
Potential Financial Impact:	None.
Recommendation (Consent or New Business Only):	For information only - no board action required.
Division:	School Leadership & Academic Programs
Department:	CTE
Submitted By:	Will Milne, CTE Coordinator
