**How it is going**

The hardest thing to do as a Head Coach of a sport is to put up equipment when you, your team and your staff is not ready to do so. The next step in building a feared and respected Football/Cross Country program is complete. It is funny how fast things change. Two years ago when we were filling our schedule I had to turn many people away. This time around schools are turning us away. We will be moving on from our current district when realignment comes out in February and the 2014 scheduling process has begun. The teams we

have played over the past two years are glad we are moving out!! As the weather starts to get colder, the gym begins to get hotter and the Cougar Nation continues to move to towards EXCELLENCE!!! It's a great day to be a COUGAR!!!!
