Northpoint Expeditionary Learning Academy
Prescott Unified School District

Prescott, AZ 86301

Dear Geneva Saint-Amour:

The Golden Bell Awards Committee has completed the judging for the 2009 Awards. Three highly qualified judges deliberated several hours to declare final winners from the 53 Golden Bell official entrants.

All of this year's entries were excellent, and ASBA regrets that all cannot be recognized to pay proper tribute to the many innovative ideas. Although your particular entry, "**Northpoint Expeditionary Learning Academy**" in the "**9-12**" Category was not selected for an award, you should be proud of the fine quality that characterized this year's competition. To recognize your efforts, a special recognition section of the program for the awards luncheon will list your entry. We hope that you will submit an entry again next year.

It is important that the curricular programs in our schools in Arizona be recognized for outstanding projects. Thank you for taking time to participate in the 2009 Golden Bell Awards program.

Very truly yours,

John Gordon
