

Board of Education

PRESENTATION

TITLE: Career and Technology Education

DATE: March 6, 2019

RESPONSIBLE ADMINISTRATOR: Dr. Ginni McDonald
Director of Secondary Education

BACKGROUND/CONSIDERATIONS:

A key component of the mission of the District's new Career and Technology Center (CTC) is the expansion of career pathways within the science, technology, engineering, art, and math (STEAM) disciplines. Dr. Ginni McDonald will describe how business leaders, students, educators, and parents are working collaboratively to develop these pathways.

RECOMMENDATION:

This is an informational agenda item and does not come with a recommendation for action.
