

Browning High School
August Board Report
2021

We're Back!

Leadership

The leadership team (Ms. Kari McKay, Mr. Michael Comes At Night & Mrs. Jen Wagner) are excited to begin the year by building relationships with students, staff and parents. They have been busy planning, attending trainings and meetings to get this year rolling. They have all attended AVID training, SAM Administration Institute and EPAS training. Kari and Jen were recognized for 5 and 10 years of school administrative work in the State of Montana.

Custodians

The custodians (BHS-Calvin McKay, Russel Gervais, Angel Dusty Bull, Anthony Gervais, & Anson Cummins) have been busy preparing the entire building for all staff to be able to begin setting up classrooms on August 2, 2020. As BHS accommodated summer school and Upward Bound, the custodians were able to get other priorities finished before completing the building.

Secretaries

The front office staff (Melanie Heavy Runner & LaDean Racine) are busy ordering, checking in orders, assisting with registration for the school and district on top of just preparing for the new/old staff and students to arrive.

AVID

The AVID team (Andrea Evans, Violet Sinclair, Michael CAN, Kari McKay, Johanna Johnson, and Jen Wagner) attended the AVIDXP virtual conference. They went to individual strands to learn strategies to bring back to the school and their classrooms. They also identified relationship and instructional strategies to model to staff so the entire building can use with students and staff to create positive, and safe spaces at BHS.

Leadership Team & SBE

Our School Leadership Team (Glenn, Travis, Randy, Johanna, Violet & Andrea) met this summer to work on our instructional plans for the upcoming year. We will roll out some Project Based Learning, AVID and Writing Plans along with professional development.

Schedules

Scheduling is underway with the counselors in the building updating grad plans and creating individual schedules.

We encourage you to see and acknowledge the positives we have going on here at BHS!
