BACKGROUND INFORMATION

The OER Transition Plan for Bluebonnet Learning Instructional Materials is designed to support local educational agencies (LEAs) in the planning, execution, monitoring, and evaluation of the adoption and implementation of State Board of Education (SBOE)-approved, state-developed OER instructional materials known as Bluebonnet Learning. The OER Transition Plan for Bluebonnet Learning Instructional Materials complies with Texas Administrative Code (TAC) §67.1315 for access to the funding entitlement in Texas Education Code (TEC), §48.308.

ADMINISTRATION CONSIDERATION

The OER Transition Plan is required and is being presented today to allow for bids to be secured and approved if over \$50,000 at the April board meeting. This will allow for purchases to be made in April so that materials arrive in June or July and are on campuses prior to the onset of the school year.

A local OER plan must be approved by the board; however, adjustments may be made during its implementation. Throughout the plan, any mention of instructional coaches should be understood as interchangeable with instructional coordinators. Additionally, as Levelland ISD is still under consideration for Learning Acceleration Support Opportunities (LASO) grants, the awarding and acceptance of this support may necessitate further adjustments. Nevertheless, the Levelland ISD OER Transition Plan is ready for your approval today.

RECOMMENDATION

Board approves the Levelland ISD OER Transition Plan.
