Mary Catherine stated she will contact Ryan at the Road Commission to see if he can run a monthly fuel log for the committee. This will be added to the PointPersons Committee meeting Agenda to discuss and will contact Ryan and Enterprise for the reports.

Playground Equipment – will be on new checklist as routine and kept at the park.

2. Park Managers and Park Camp Hosts wearing County ID Badges – the managers and committee were informed.

3. Earl reported driveway was cleaned up. Marcia relocated a tree growing by the garage door (house).

2023 BUDGET

The committee reviewed and discussed the following:

1. Budget Adjustments needed/Budget look ahead: Marcia reported in the managers' report they requested if they could view and print in BS&A for their budget. Mary Catherine reported that she will check on this with the Treasurer if all three parks could access their budget and view only.

2. CIP Planning/Recreation Plan - The managers passed out information for the CIP Planning Proposal for Beaver Lake Park to the committee to review. Mary Catherine reported that the County is working on updating the master plan/recreation plan as the current plan expires this year and asked the managers to check off what has been completed and went through the list with the managers and the committee. The managers passed out proposed CIP sheet to the committee for review. The committee will review and discuss at next meeting.

Earl reported a new dock was given to them and had approval from this last year and need two other docks to replace. Earl reported they would like Hickory Dickory Dock to help put docks in/out

and are waiting on a proposal to be sent to replace two docks they have. Earl reported that he wants to sit down with the committee before budget planning and pull off CIP proposals for 2024 and figure into budget for 2024 so it is not just a wish list.
