SUBJECT: Purchase Chromebooks for Students

DATE: March 10th, 2025

ACTION

Discussion:

The procurement of Technology for student use is included in the 2024-2025 adopted budget.

- Board Policy CH (Local) requires board approval of purchases in excess of \$50,000. The policy states "The Board delegates to the Superintendent or designee the authority to make budgeted purchases or goods or services. However, any single, budgeted purchase of goods or services that costs \$50,000 or more, regardless of whether the goods or services are competitively purchased, shall require Board Approval before a transaction may take place." All technology hardware purchases are executed by using state or Interlocal agreements. WISD uses these resources for purchasing decisions and this allows for a timely purchase of the District's needs.
- 2024-2025 Anticipated Expenditures: \$87,210.00
- Individual or Committee Members that evaluated and selected the equipment:
Cody Lee, Executive Director of Technology
