RE: King Early Childhood Education Center
Playground

For your consideration and approval, I am submitting a proposed layout of equipment for the expansion of the playground at King Early Childhood Education Center. They would like to add new playground equipment, a shade structure, and poured-in-place safety surfacing under all equipment.

This project will be paid for using Title I funds. The cost breaks down as follows:

Equipment: \$34,000.00

Poured-in-Place Surfacing: \$73,150.00

Labor/Concrete: \$41,000.00

Total: \$148,150.00
