

Athletics 10/30/12

The athletic department keeps doing well with Volleyball, and football making the playoffs, and Cross Country having several runners and the Girls Team qualifying for regional. We are striving to continue the success we have had at keeping our athletes eligible by requiring a high standard in academics and behavior. I see us making great strides in this endeavor as only one student did not pass that was in football this past nine weeks and only 3 young men failed at the 9 weeks period out of the whole program. I am more proud of that fact than all current sports moving on to post season play. Thank you for your continued support.
