

Stakeholder Input Planning: The Annual School Board Agenda, which will be adopted in January, traditionally schedules stakeholder input for the months of January, February, March, and April. The number of stakeholders invited and those who have attended is shown below:

<i>2014</i>	<i>Parents</i>	<i>200</i>	
2013	Parents	90	8
2012	Parents	60	6
2011	Parents	60	11
<i>2014</i>	<i>District Residents</i>	<i>300</i>	
2013	District Residents	125	4
2012	District Residents	100	6
2011	District Residents	80	5
<i>2014</i>	<i>Staff Members*</i>	<i>29</i>	
2013	Staff Members	25	9
2012	Staff Members	20	16
2011	Staff Members	20	18
<i>2014</i>	<i>Students</i>	<i>24</i>	
2013	Students	20	15
2012	Students	20	15
2011	Students	20	18

It would benefit our stakeholder input process if we increased the number of attendees. Accordingly, I am planning to increase the number of invitations next year as shown in *italics* above.

I had considered using a stakeholder survey for a portion of the input process. However, I believe that offering invitees an option to provide input using a survey would discourage attendance because invitees would feel they have already provided input.

The changes recommended for the stakeholder input process (increase the number of invitations) can be discussed at the meeting. Alternatively, this item can be discussed at a special school board meeting/workshop at the discretion of the school board.
