

Streator Elementary School District #44
Board of Education Meeting
July 18, 2018

INFORMATION ITEM

TO: Members of the Board of Education

FROM: Dr. Lisa Parker, Superintendent

SUBJECT: End of the Year Report for FY18

INFORMATION:

I have attached some information from the End of the Year Report for your review. If there is additional information you would like to see or if you have questions, please contact me before the meeting.

The Board, Administration and Staff should be proud of the work that was done during the entire 2017-18 school year in the area of finance. Some of this can also be attributed to the State of Illinois making their payments as promised and the Evidenced Based Funding Money being released.
