It is clear which types of decisions will be made with/without teacher input.

 Copy

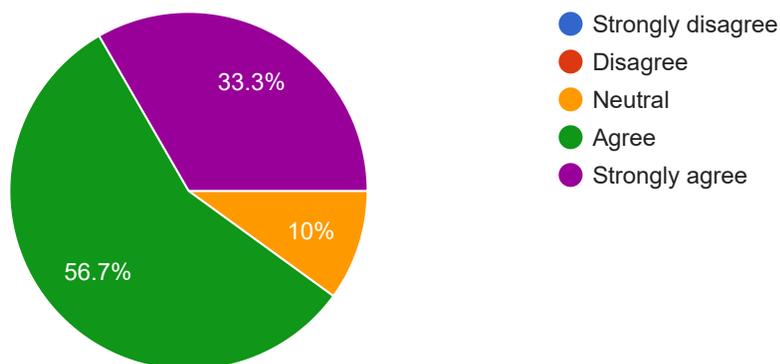

30 responses

CCS has committees in place that are in alignment with our goals and student achievements.

 Copy

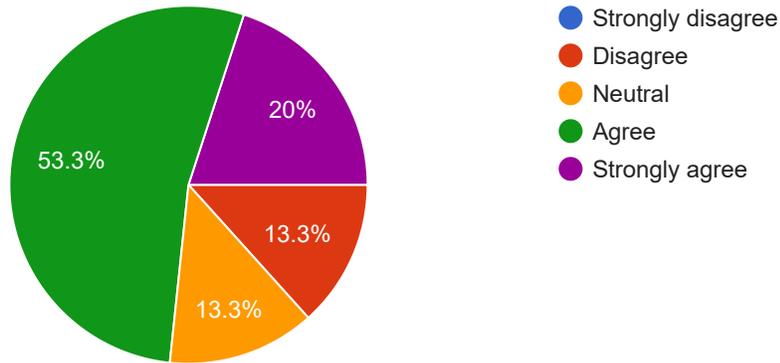

30 responses

Students, parents/guardians, and the community have ways to provide input on optimal functioning of the school.

 Copy

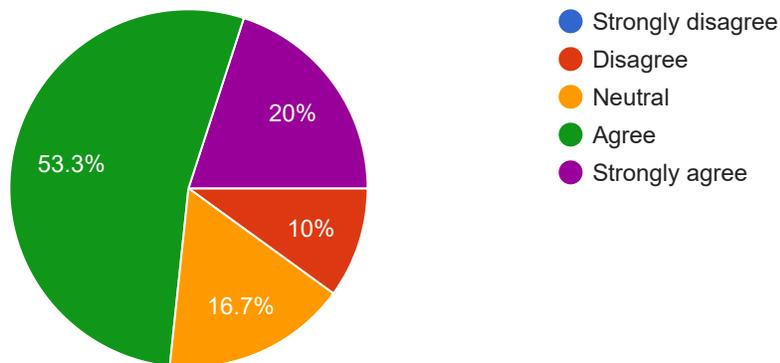

30 responses

Our school's accomplishments have been adequately acknowledged and celebrated.

 Copy

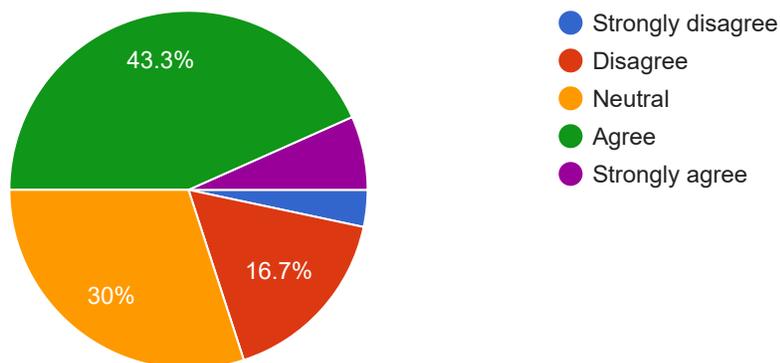

30 responses

My individual accomplishments have been adequately acknowledged and celebrated.

 Copy

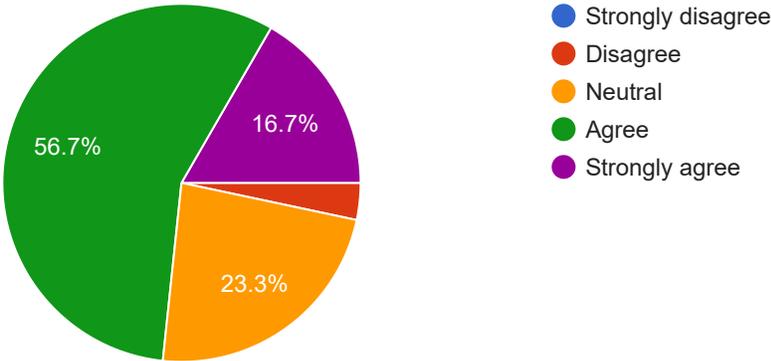

30 responses

I have the materials and resources I need to teach effectively.

## The thing I like most about CCS is...

20 responses

The strong emphasis on community, teacher support, and overall student well-being!

Our commitment to our students' success.

Awesome leadership, staff, students and families! Love that we all work together!

I LOVE how the staff collaborates in the best interests of the students.

collaboration

Everyone is always willing to help out.

Small close knit feel. Staff work well together for the better of the students.

Small class sizes providing the ability to provide individualized education, close classroom relationships & a responsive learning environment.

Personalized learning. Small classes.

Opportunities for professional growth are encouraged and funded by the school.

how the community is connected to the school and we all work together to help the kids

I love how much each staff member works together to make sure that all kids feel accepted and included. Students are allowed to make mistakes and student successes are celebrated by all.

Teachers having a voice in decisions.

How supportive each and every staff member is not only to their students, but co-workers as well!

The small community and interaction with almost all of the students

We have a wonderful group of people. We are not just coworkers or team members we are like family. We support each other on good days and bad. The school environment is very supportive!

The staff, students and facility are awesome!

The Students

My team and admin support

## One thing I would like to change about CCS is...

15 responses

Better use of the solarium

Stronger leadership on boundaries among staff who don't stay in their own lane and are not getting their own job completed.

The times students that need extra support get pulled.

More student recognition. More awards and recognitions in the past, miss that. We need to celebrate our kids more.

A stronger focus on environmental literacy. More student academic & behavioral support inside the classroom.

Facility. More storage, more windows.

Leadership structure, more support is needed in District Administration.

more involvement from support staff on committees and during PD days

Continue to improve our policies, systems, and compensation.

More effective disciplinary structure

I would like to see the board recognize the good work of our teachers more. When Pequot updated their para contract the board was on top of it ASAP to make sure our paras got comparable pay and benefits but this has not happened for teachers. We have a great thing going right now with amazing teachers. Please appreciate them so we can keep it going for years to come:)

More outdoor options for many kids at once. Encourage the staff to recycle with more fidelity.

director needs training

Feel Like we are one team

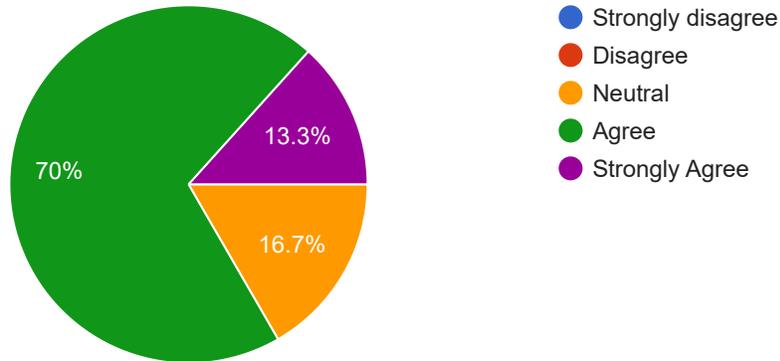

More options for extra curriculars

CCS makes consistent decisions to uphold and support our mission of: "Growing environmentally literate, community impacting learnings of excellence."
