

# **BELDING AREA SCHOOLS BOARD OF EDUCATION MEETING**

**SEPTEMBER 15, 2025**

**VOLUME LXIII**

**FOR ACTION**

**SUBJECT:** HyFlex Instructional Cart – Belding Adult Education

**Background and Findings:**

A grant has been secured to provide a HyFlex Instructional Cart for the Belding Adult Education program. The system is an interactive classroom AV system for in-person, recorded, and distance learning. The project was for six Adult Education programs in the state, and Ottawa Area ISD bid out the purchase; this was the most competitive price in their bid process. The total cost is \$35,289.50. The Board is asked to approve this purchase, which is grant-funded and does not impact the general fund budget.

**Recommendation:**

It is recommended that the Board approve the purchase of the HyFlex Instructional Cart using grant dollars obtained to support this system.
