Subject: Fairgrounds board replacement

Good afternoon, thank you for taking the time to discuss this.

As we are preparing for the fair we have found approx. 45 bleacher seats that need to be replaced. The boards have been deteriorating over the years and are in dire need of repair.

We have been approached by a local business to help with the cost of this by reduced pricing for the replacement boards. how much I'm not sure. The project is estimated to cost approximately \$3500 for the boards and bolts/nuts to replace them.

We are asking for county support in manpower to remove the bad boards and financial support towards the replacement boards and hardware.

We will provide the manpower and equipment to replace the boards

Thank you
