

ANNUAL REPORT

400 Johnson Street, Alpena, Michigan 49707 May 2022

Accredited in 17 Programs

Letter to the Community

Dear Citizens of Northeast Michigan,

It is my privilege, on behalf of the Board of Directors and the staff of Northeast Michigan Community Mental Health Authority (NeMCMHA), to present our Annual Report for Fiscal Year 2021.

Albert Einstein said, "in the middle of a difficulty lies opportunity." Needless to say, the pandemic has made life difficult for many people who struggle with mental health concerns. This has also provided NeMCMHA numerous opportunities to become even more involved in the communities we serve. We have collaborated with other service providers during this time to better meet the needs of the citizens we serve. We made a decision early on in the pandemic that people would need behavioral health services more than ever, and we kept our doors always open and provided face-to-face services in a safe environment. We also pivoted so we could "see" people virtually who were in quarantine or who were immunocompromised and were unable to have a face-toface visit.

NeMCMHA staff looked for opportunities to support other organizations and they volunteered to help the communities they serve in a variety of ways. Staff worked the Pop-Up Food Pantry in Alpena and supported Suicide Prevention Walks in Alpena and Presque Isle counties. Upon learning blood supplies in Northern Michigan were running low in the middle of the pandemic, staff held a blood drive to donate "the gift of life." In addition, they also collected food for the holidays for the Vietnam Veterans Chapter 583, and items for "Back to School." They also donated to the Alpena Baby Pantry, winter coats for the Salvation Army, and brought in household and personal items to give to Hope Shores Alliance. They have participated in Trunk or Treat for the community. NeMCMHA purchased and distributed Carter Kits for first responders to assist with emergencies involving a person with Autism Spectrum Disorder (ASD). We partnered with the Alpena Senior Center and local law enforcement to work the Take Back Events.

We reached out to the schools and were told by one representative of the district, "every child was given a Chromebook, but they could use thumb drives and ear buds." NeMCMHA provided every school-age child in public or parochial schools in our four counties with a thumb drive and ear buds. These items have our crisis phone number

and website address printed on them so the families of school-age children would know how to get emergency services, if needed.

NeMCMHA has always been the "safety net" in the counties we serve, and we have never taken this belief more seriously than we have these last couple of years. The increase in mental health concerns during the pandemic and the long periods of isolation for many has been on our priority list for many months. We have crisis workers available 24-hours a day, 7 days a week, 365 days a year. We respond to anyone needing crisis services at any time.

In 2021, we served 2,348 unduplicated individuals in our region. Of those, 1,374 were assisted in our crisis program. We provided 146 individuals with Adult Foster Care (AFC) residential services. Our employment services worked with 138 individuals, supporting many of them in a competitive employment program. Together, our Psychiatrists, Physician's Assistant, and Doctor of Nursing Practice assisted 1,420 individuals in our medication and Behavioral Health Home (BHH) programs.

We have provided these services, some of which involve 24-hour care, in the midst of a pandemic which forced quarantine periods for staff while simultaneously facing a national workforce shortage. We kept services going for those we serve and continued to manage the difficulties we faced, and just like Einstein said, we also found many opportunities to support the people and communities we serve this last year. Our staff have made it a priority to help out in many areas outside of our organization and have committed themselves to giving back to others who are in need.

The Board and staff of NeMCMHA look forward to serving the citizens of Alcona, Alpena, Montmorency, and Presque Isle Counties in the coming year.

Sincerely,

Eric Lawson, Chairman Nena Sork, Executive Director

Larry Patterson, NeMCMHA Accounting Officer, delivers ear buds and thumb drives to Stephanie Hitchcock, Besser Elementary School Principal.

One Success Story

My name is Scott. Eight years ago, my friend encouraged me to move with her to Alpena from the Traverse City area. I had visited Alpena twice, but I did not know the area well and feel I am still figuring out where everything is. I signed up for NeMCMHA services when I moved. I have had four case managers in the last eight years. I also participate with Physician Services and Bay View Center.

I found Bay View to be a great fit for me. I enjoy going there to play Bingo, play pool, make arts and crafts, and enjoy going to dinners there on Wednesday nights. I like going to Bay View so much I encouraged my friend to go with me, and now she enjoys going as much as I do. I have also made friends and met people with similar interests as I have by going to Bay View.

The first six years living in the area I struggled with paying my mortgage and making my truck payment. I started working at NeMCMHA at the start of the COVID pandemic. I have learned many skills working here. I am currently working as a door greeter. A typical day starts at 5:00 a.m. I get up and take care of our six animals – our dogs Tracy and Moonlight and our cats Sweet Pea, Tiger, Pooh and Pebbles. I joke with my friend that I am going to take my dogs to work with me someday. She laughs and tells me

dogs are not allowed. I take my medications and insulin then off to work I go.

I arrive every day at 7:00 a.m. I like to have everything up and running before anyone arrives to work. I make coffee, get copies, do my time sheet and greet people as they arrive for their services. I make sure people properly fill out their COVID screen, and I take their temperature. I usually leave work, go home, have lunch and take a nap. I watch some TV to relax. I take my dogs out, have a snack and go to bed around 10:00 p.m. to be fully rested for the next day.

I feel like I am wanted here. I like being able to take extra shifts when offered. I feel like my dedication is appreciated. I think the hardest part of working here is remembering which people work here as they come through the door. I struggle with change, being nervous in new situations, and maintaining my mental health during certain months of the year. My hardest months to get through are September, December and April. I take one-step at a time when dealing with changes. I have found it helps to take things in stride and look at the positive side to get through it. My friend's encouragement also helps me. I take time when needed to be alone to work through my thoughts.

My faith also helps me to stay encouraged to face challenges. This year on Easter, I was baptized. There were many people attending Easter Vigil that I had to get up in front of, but I worked my way through the butterflies in my stomach.

I like to joke around with and be friendly to others. I like to cook, and my favorite dish to cook is crab and noodle casserole. My ultimate dream is to own a convenience store one day. I think I would enjoy running something of my very own. I would like being my own boss along with being someone else's boss. For now, I am living in Alpena, finding new experiences every day, and trying new things as I go. I thank you for reading my story. I hope you found this encouraging.

[As told to Scott's case manager.]

MAY IS MENTAL HEALTH MONTH 2022

Mental health is becoming more common in mainstream conversations and it can be an overwhelming topic if you're just starting to explore it.

We can help.

Community Education

In May 2021, NeMCMHA was accredited as an Approved Continuing Education Provider (ACE) through the Association of Social Work Boards (ASWB) for social work continuing education credits.

The ASWB ACE program approval demonstrates NeMCMHA has been rigorously reviewed and found to offer quality continuing education according to best practices. This certification allows NeMCMHA to provide advanced training opportunities to all staff throughout the agency and the local community.

Since last May, trainings have been offered in Dialectal Behavior Treatment, Dual Diagnosis, DSM-5 diagnosis, Human Trafficking, and Pain/Ethics. Future trainings scheduled include: LBGTQ+, Motivational Interviewing, and Implicit Bias.

Community members are invited to attend any of the trainings, which are posted on the NeMCMHA website at www.nemcmh.org and on the NeMCMHA Facebook page. For additional information, please contact Genny Domke at gdomke@nemcmh.org or Peggy Yachasz at pyachasz@nemcmh.org.

Cultural Understanding and Advancement Committee (CUAC)

In January 2021, NeMCMHA applied to participate in a six-month statewide Cultural and Linguistic Competence Learning Community (CLC-LC). The CLC-LC was established to gain a common understanding of cultural and linguistic competence and related concepts. Additionally, this learning community served as an opportunity to assess organizational readiness and barriers to achieving cultural and linguistic competence while allowing for improvement opportunities.

Motivation for applying to the learning community was driven by identified needed improvement in cultural and linguistic competency. Our agency's goal of participation was to increase cultural awareness, cultural sensitivity, and responsiveness to diverse populations, while enhancing staff training and knowledge to better support employees and individuals served.

In late February 2021, NeMCMHA was notified they were one of seven organizations chosen to participate in the learning community. Needless to say, the Agency was thrilled!

Throughout the learning community, team members participated in virtual trainings, discussion, and coaching calls. The Community Mental Health Association of Michigan's Annual Fall Conference also hosted a session highlighting CLC-LC.

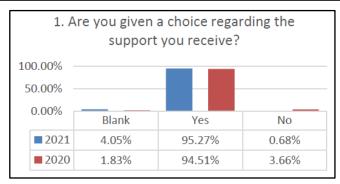

In an effort to continue this work and the goal of the Agency becoming culturally proficient, the Cultural Understanding and Advancement Committee (CUAC) was developed. Committee members representing various programs throughout the organization identified the following purpose, mission and vision of CUAC:

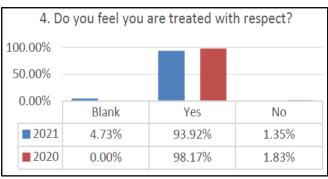

- Purpose: To promote diversity and inclusion within the agency.
- **Mission:** To provide education, resources, and tools to enhance cultural competency amongst staff while fostering a supportive environment for all.
- Vision: To be a culturally proficient agency.

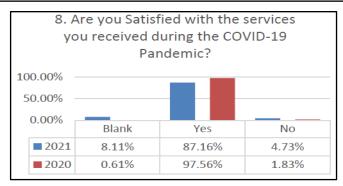

CUAC provides monthly cultural education and resources to all employees, assists with annual cultural competency training, celebrates cultural events agency wide and encourages a welcoming and supportive organizational culture. The committee is also focusing on piloting a peer system for new hires in an effort to provide additional support and to ensure employees receive a warm welcome to NeMCMHA.

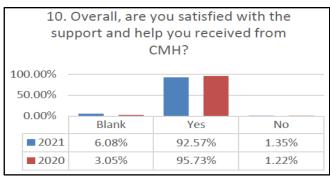

Intellectual and Developmental Disabilities Survey

NeMCMHA's intellectual and developmental disabilities (I/DD) services surveys its individuals served on an annual basis. This survey assists NeMCMHA in measuring how individuals feel about the services provided by informing NeMCMHA about what is going well and where improvement is needed. A small selection of the results are shown in the graphs below, comparing 2021's results (in blue) with 2020's results (in red). In 2021, 148 responses were received, and in 2020, 164 responses were received.

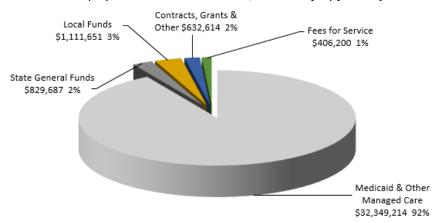

Northeast Michigan Community Mental Health Authority October 1, 2020 – September 30, 2021 Sources and Uses of Funds

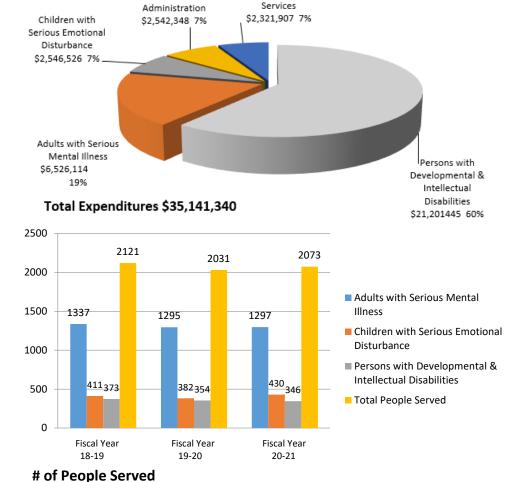

Total Revenue \$35,329,366.00
Total Expenditures \$35,141,340.00
Net Income/(Loss) \$188,026.00

[Post-retirement benefits are not offered at NeMCMHA. Employee Pensions are 401 Plans, which are fully funded.]

Other Support

Total Revenues \$35,329,366

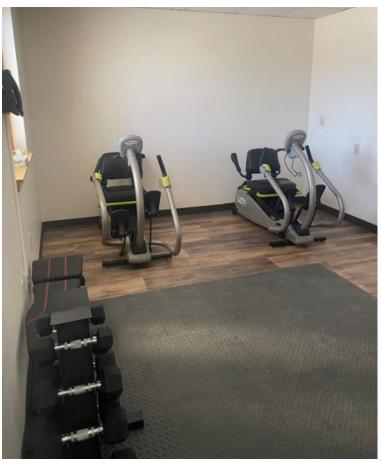

Agency Exercise Room

As the cost of gym memberships or home exercise equipment can be a barrier in achieving and maintaining physical health goals, the Agency committed to offering individuals served and employees a no cost opportunity to focus on health and wellness.

In April 2021, our maintenance crew began construction of a long-awaited exercise room by combining two offices. This space was equipped with two treadmills, two recumbent bikes, a rowing machine, dumbbells and an exercise mat.

Upon completion of the exercise room, a gym waiver was developed for staff interested in using the space. The exercise room became available to employees on November 19, 2021, and is accessible 24/7 on their personal time. Soon after, an internal process was developed to extend gym waivers to individuals served. Individuals served are able to access the exercise room at no cost with presence of support staff.

This addition to the agency has been a hit! Employees and individuals served are regularly seen at varying hours enjoying the space. NeMCMHA is proud to offer this new health benefit and self-care opportunity.

Narrative:				

How do you assure that service needs are met at an individual level as well as from a program capacity level?

NeMCMHA has a process which includes all persons placed on a waiting list be reviewed on a weekly basis to determine the need for services, the severity of symptoms, length of time placed on waiting list, and change in Medicaid status. Priority is given to those based on the highest need and severity. All on waiting list are encouraged to come into crisis walk-in if they are experiencing an increase in symptoms.

Priority Needs and Planned Actions

CMHSP: Northeast Michigan Community Mental Health Authority

Based on feedback received from stakeholder groups and data collected from this process, the CMHSP must identify at least 5 priority needs. Of these, the CMHSP must identify the areas where it intends to address and what action is being planned in that area. The table below provides a format for identifying the top issues.

Priority Issue: Please give a brief explanation of the issue, in order of priority, with 1 being highest.

Reasons for Priority: Identify what makes this a priority issue. For example: the issue was identified by multiple stakeholder groups; or the size of the issue; or consistency with other community efforts, etc.

CMHSP Plan: Give a brief overview of what steps the CMHSP intends to take to address the identified issue. Please include basic time frames and milestones.

Duianity Janua	December For Drienite:	CMLICD Diag
Priority Issue	Reasons For Priority	CMHSP Plan
1. Community Education	Community education will help to reduce stigma, provide support, and connect individuals with available resources and services in their communities.	Host education/training sessions on Mental Health relevant topics. Will offer open forum presentations and Q&A with mental health professional panel that will be available for discussions with community members. Topics will include but are not limited to depression, anxiety, bipolar, schizophrenia, substance use, social media and its impact on mental health, and suicide prevention. In addition, we will offer trainings for SafeTALK, Youth Mental Health First Aid, and Mental Health First Aid. We will partner with community agencies to host trainings in a variety of settings.
2.Expand Behavioral Health Home (BHH)	Increase patient-centered care, enhance care coordination between physical and behavioral health services, and improve transition of care to assist individuals in stabilization and recovery.	Increase BHH staffing to allow for increased face-to-face BHH contacts and follow up. Focus on enrollment of minors and maintain enrollments for individuals no longer open to NeMCMHA behavioral health services. Enhancements to EHR system will be made to allow enrollment for mild to moderate populations.

Priority Issue	Reasons For Priority	CMHSP Plan
3. Increase transportation assistance	Increased requests for transportation assistance and more frequent appointment cancelations/reschedules due to lack of transportation.	Ensure staff are up to date on local transportation resources, including transportation options available via health insurance plans. Budget for additional public transportation vouchers, taxi vouchers, and gas cards should other resources be exhausted. Develop a partnership with local transportation providers to develop a process for community members to access transportation to CMH when utilizing crisis services without prior approval for transportation. Transportation assistance will be approved based on medical necessity.
4. Strengthen relationships with local law enforcement.	Law enforcement has limited staffing and limited ability to manage behavioral health symptoms in jail settings or when responding to welfare checks.	Increase outreach to law enforcement to offer behavioral health training and remain flexible in training dates/times to accommodate law enforcement staff availability. Meet annually with County law enforcement to address areas of need and challenges in managing behavioral health symptoms in the jails.
5. Expand Peer Support Services	This evidenced based service has been well received by individuals served and has assisted with individuals in working towards recovery. Currently, staffing ratio does not support an influx of referrals.	Increase Peer Support Services budget to allow for hiring and training additional certified peer support specialists. Offer additional peer run group experiences that focus on behavioral and physical health needs. Will increase peer support referrals and services that are provided.
