

# Board of Trustees Resolution

**Whereas**, the Beeville Independent School Board of Trustees has firmly planted seeds for student success; and

**Whereas**, the Beeville Independent School District's fertile soil provides the proper nourishment all children need to grow and prosper throughout the years; and

**Whereas**, because our teachers offer tender loving care, our administrators steadfast support, our parents everlasting love, and our business leaders and community continually shine light on the success of our students; and

**Whereas**, March is the month to Celebrate Texas Public Schools and the theme for 2009 is **Growing Graduates: Texas Public Schools Plant Seeds for Success**,

**Therefore**, be it resolved that as members of the Beeville Independent School District Board of Trustees, we promise to cultivate every seed planted within our care and nurture all children as they grow to graduate within our district to the best of our ability.

Signed this 17th day of  
February, 2009.
